Your cover

Core Benefits

Your policy includes the core benefits, any optional benefits that you’ve selected and any additional benefits that you’re eligible for.

Your policy has a limited payment term – this means that we’ll pay your benefit for a maximum of 12 months for each incapacity. The period over which we pay this benefit - your claim period - could either be a single continuous period or a collection of shorter periods. If you go back to an occupation for six consecutive months after incapacity you can claim again for the same or a different illness or injury.

There’s no limit on the number of claims you can make.

You can only have one Living Costs Protection policy plus any additional policies taken out under the life change benefit option (see additional benefits below). If you do have more than one Living Costs Protection policy then we’ll only pay benefit on the first policy (plus any additional policies taken out under the life change benefit). We’ll refund the premiums paid for any further policies, without interest. You won’t be able to claim on any additional policy not taken out under the life change benefit.

Main benefits

Back to work benefit

Waiver of premium

Additional benefits

You may be eligible for the life change benefit. If you are, we’ll automatically add it to your policy. This will be shown on your policy schedule. The life change benefit is outlined in your policy conditions.

Life change benefit

Optional benefits

You can choose to add optional benefits to your policy when you take it out. Your policy schedule will show exactly which optional benefits you’ve chosen. We’ll send you your policy conditions, which will include a description of all optional benefits you’ve selected.

Core Benefits

The core benefits available under this policy are set out below, and are only payable if we accept a claim.

For each of the core benefits below, a set number of weeks, selected by you at outset, must have passed before you’re entitled to receive benefit. This is known as the deferred period and will be shown in your policy schedule. If you wish to make a claim, you must contact us as soon as possible from the onset of your incapacity, regardless of the deferred period you’ve selected.

Main benefit

We’ll pay this if immediately before incapacity you were either:

- in an occupation, or
- on maternity leave (which commenced up to 52 weeks before incapacity), or parental leave for the other parent (and the child was born up to 52 weeks before incapacity), or
- on adoption leave (and the child had been legally adopted up to 52 weeks before incapacity).

We’ll only pay if, after the start of incapacity, you weren’t in any other occupation.

What do we pay?

We’ll pay the monthly benefit, which is shown in your policy schedule.

Your monthly benefit amount is selected at outset.

The minimum benefit you can select is £500 per month or £6,000 per year. This is subject to the minimum premium limits.

The maximum benefit you can select is £1,500 per month or £18,000 per year.

When do we start paying your benefit?

If your claim is accepted, you’ll be eligible for benefit when your deferred period ends. Benefit will be paid monthly in arrears after the end of your deferred period. If your claim period starts or ends part way through a month, we’ll pay a daily amount for that period.

When do we stop paying your benefit?

We’ll stop paying your benefit when:

- we’ve paid the benefit for a total of 12 months including back to work benefit, or
- your incapacity ends or, we’ve made one back to work benefit payment, or
- the policy ends, or
- you are remanded in custody (we’ll pay the benefit retrospectively if you are not convicted of the offence) or receive a custodial sentence, or
- you die.

How we’ll pay your benefit

Benefits will only be paid in the currency of the UK and to a UK, Channel Islands, Isle of Man or Gibraltar bank account.
Core Benefits

Back to work benefit

We'll pay this if, immediately before **incapacity**, you were in an **occupation** and following your **incapacity**, your **earnings** are reduced because:

- you’re in a different **occupation** due to your continued **incapacity**, or
- you’ve returned to your **occupation** but you’ve had to restrict your **duties** or hours worked because of your **incapacity**.

**What do we pay?**

For each valid claim for back to work benefit, we'll pay the equivalent of one months' benefit when you return to an **occupation**. This will be paid one month in arrears from when you return to work.

**Points to note**

Any payment made under the back to work benefit will be included in the 12 months’ maximum **claim period**.

Waiver of premium

If we accept your claim for one of the core benefits we’ll pay your premiums from the earlier of:

- the end of your **deferred period**, or
- 13 weeks after the start of your **incapacity**.

We'll start to collect your premiums again, once the **claim period** has ended.
Additional benefits

This benefit will only be included if we accepted your policy on standard terms.

Life change benefit

If you increase your mortgage or rental payments due to a house move or remortgage, you can take out more cover through an additional policy without any further health and lifestyle questions being asked.
You can do this at any time six months after your policy start date.
We’ll need to see evidence of your increased mortgage or rental payment.
The extra cover will be a new policy in addition to this policy.

How much benefit can be selected?
The minimum benefit you can select under the new policy is £100 per month or £1,200 per year.
The maximum benefit you can select under the new policy can’t be more than 2x the benefit amount under your original policy.
Your total monthly benefit amount under your original policy and any new policy can’t be more than £1,500 per month.
The new policy will be subject to our minimum premium limits.

How many times can life change benefit be used?
You can use the life change benefit as many times as you like provided that your total monthly benefit amount under your original policy and any new policy isn’t more than £1,500 per month, and you meet the eligibility requirements stated below.

Eligibility requirements
You must take out the new policy before you turn 55, and
The new policy must end before you turn 71, and
You must take out the new policy within 90 days of the life change happening, and
You must send us the evidence we need, and
You must not be within five years of the original policy end date, and
You must not be in claim or eligible to make a claim on your original policy.

The new policy
The following restrictions will apply to the new policy:
• the new policy can’t have a shorter deferred period than the original policy
• the new policy can’t end more than five years later than the original policy
• the new policy won’t include the life change benefit.

The benefits, restrictions and options applying to the new policy will depend on what’s available at the time. The policy conditions in force at the time will apply to the new policy. If we don’t have a suitable policy available at the time then we can refuse your request.

The premium you’ll pay for any new policy will be based on the rates available at the time of the request and your personal circumstances.

The minimum premium limit will apply on the new policy.
Optional benefits - Fracture cover

Your policy schedule will show any optional benefits you’ve chosen to add to your policy.

Fracture cover

Fracture cover is subject to our acceptance following underwriting.

You can only add fracture cover to your policy if you don’t already have it on any other policy taken out with Aviva Life & Pensions UK Limited.

We’ll cover you for the fractures listed below. We’ll only pay out if the fracture happens at least seven days after the start date and before the policy end date.

We only pay out a successful claim once in each policy year for a fracture which occurs in that year. A policy year runs from the start date to the day before the anniversary date shown in your policy schedule.

If you suffer from more than one fracture at the same time we’ll only pay for one of them. You can choose which one you claim for.

All fractures must be diagnosed by an attending consultant.

We won’t cover a fracture which is classed as fatigue, stress, hairline, avulsion, chip or microfracture.

We won’t cover a fracture that happens when taking part in any of the following: mountain biking or BMX; boxing, cage fighting or martial arts; rugby or Gaelic football; horse riding; or motor cycle sport.

If you make a claim for this benefit, all medical certificates and results of medical examinations must be provided by an attending consultant.

You can cancel the fracture cover option at any time six months after the start date. However, you won’t be able to reinstate it and we won’t refund any premiums.

If we accept a claim under this benefit, it won’t affect the other benefits under your policy.

Optional benefits - Global treatment

Your policy schedule will show any optional benefits you’ve chosen to add to your policy.

Global treatment

Global treatment has extra definitions which we use in this section. These definitions are in bold and have specific meanings. We explain these in the definitions for global treatment section.

You can only add the global treatment option to your policy if you don’t already have the option on any other policy with an Aviva group company.

This option is provided in conjunction with Best Doctors, responsible for the second opinion service, and BDUI, responsible for medical and non-medical concierge services for overseas treatment.

Global treatment

We’ll pay the cost of treatment outside of the territory if, during the policy term, you or your child is diagnosed with any one of the serious illnesses, or require a medical procedure set out below. The treatment must be recommended by the second opinion service.

Best Doctors will confirm the diagnosis. BDUI will recommend appropriate doctors and treatment centres and manage all necessary medical and administrative arrangements for treatment overseas.

It includes expenses that have been incurred for the treatment from the date of issue of the preliminary medical certificate. We cover the medical, medication, travel, accommodation and miscellaneous expenses set out in the expenses section below.

It covers any child from birth up to their 18th birthday (or 21st birthday if in full-time education) at the date of starting the second opinion process.

If you’re no longer resident in the territory, we’ll cancel this option and your policy will continue without global treatment. If a child is no longer resident in the territory, they will need to return to the territory for confirmation of the initial diagnosis before you can claim for them under this option.

It won’t affect any of the other benefits chosen under the policy.

What do we pay?

We’ll pay a maximum of £1,000,000 (including all expenses) in every 12 month period from the issue of the preliminary medical certificate, up to an overall maximum of £2,000,000 over the policy term.

Once the maximum limit has been reached, this benefit under the policy will end.
Optional benefits - Global treatment

**Global treatment continued**

**Start and end of cover**

Global treatment covers you and your child for three years from the **start date**. At the end of this three year period, we'll renew it automatically, unless before that next **renewal date**:  
(a) the policy term ends, in which case it will end on the **end date** of the policy, or  
(b) you turn 71, in which case it will end on your 71st birthday, or  
(c) you have reached the maximum benefit of £2,000,000 available under this option, or  
(d) your policy cannot be renewed because:  
  - you are resident outside of the territory, or  
  - our relationship with Best Doctors and/or BDUI comes to an end, or  
  - there has been any change of law, regulatory requirement or taxation which means that we are no longer able to offer global treatment.

**Renewal of cover**

We'll contact you at least 30 days before the **renewal date** and will tell you that:  
(a) the key features of global treatment won't change. If this happens, we'll automatically renew the option from the next **renewal date**. Please be aware that we will automatically renew global treatment if we change the amount you pay for it, or  
(b) the key features of global treatment will change. If this happens, we'll offer you the opportunity to renew from the **renewal date** and we'll ask you to confirm that the option can be automatically renewed at further **renewal dates**, or  
(c) we won't renew the option. If this happens, the policy will continue without inclusion of global treatment and we'll remove the charge for it from your premium.

If you don't wish to renew global treatment, you must tell us before the **renewal date** and the change will apply from that **renewal date**. You can cancel the option at any time six months after the **start date**. However, you won't be able to reinstate it later and we won't refund your premiums.

Any new premium and any changes will come into effect upon renewal.
Optional benefits - Global treatment

Global treatment continued

Indemnity period
A claim could still be made after the policy has ended in the following circumstances:

(a) If the policy ends as a result of a successful claim, you can claim under the global treatment option after the policy has ended (for a maximum of 36 months from the date the policy ended). To do this, the serious illness or medical procedure for which you are claiming under this global treatment option must be directly related to the earlier claim under your policy.

(b) If you or your child have a serious illness or require a medical procedure for which a second opinion has been requested, but the policy subsequently ends as a result of a successful claim, the claim under global treatment can continue for a maximum of 36 months from the date the policy has ended.

If one of the above indemnity periods applies, all other benefits under the policy will have stopped when the policy ended and you won't be required to pay premiums.

Provided treatment has started within 36 months of the policy ending as described above, we'll cover the cost of any treatment you receive outside of the territory and the travel and accommodation expenses associated with that until you or your child return to the UK. We will cover the cost of any medication expenses that are incurred in the territory after the return of you or your child to the territory, provided they are incurred during the indemnity period.

Serious illnesses and medical procedures

Bone marrow transplant
Bone marrow transplantation (BMT) or peripheral blood stem cell transplantation (PBSCT) of bone marrow cells to you or your child originating from:

- you or your child (autologous bone marrow transplant), or
- a living compatible donor

Cancer treatment
The treatment of:

- any malignant tumour including leukaemia, sarcoma and lymphoma, characterised by the uncontrolled growth and spread of malignant cells and the invasion of tissues,
- any in situ cancer which is limited to the epithelium where it originated and did not invade the stroma or the surrounding tissues,
- all cancers which are histologically classified as any of the following:
  - pre-malignant,
  - having borderline malignancy,
  - having low malignant potential.
Optional benefits - Global treatment

**Serious illnesses and medical procedures continued**

**Coronary artery bypass surgery**
The undergoing of surgery on the advice of a consultant cardiologist to correct narrowing or blockage of one or more coronary arteries with bypass grafts.

**Heart valve replacement or repair**
The undergoing of surgery on the advice of a consultant cardiologist to replace or repair one or more heart valves.

**Live-donor organ transplant**
A surgical transplant in which you or your child receive a kidney, a segment of liver, a pulmonary lobe or a section of pancreas from another living compatible donor.

**Neurosurgery**
Any surgical intervention, including minimally or non-invasive techniques of:
- the brain (or any intracranial structures), or
- benign tumours located in the spinal cord.

**What don’t we pay for?**
We won’t pay for:
- any diagnosis that leads to a medical procedure that has not been confirmed by the second opinion service
- any initial diagnosis that came from a hospital or consultant outside of the territory
- any treatment that is not medically necessary
- any experimental treatment
- any medical procedures needed as a result of AIDS (Acquired Immune Deficiency Syndrome), HIV (Human Immunodeficiency Virus) or any condition arising from them (including Kaposi’s sarcoma), or any treatment for AIDS or HIV, with the exception of HIV infection (occurring after the policy start date) resulting from a blood transfusion, physical assault or an incident occurring during the course of performing duties of employment
- any medical procedures in connection with or derived from cosmetic surgery.

The following limits apply to these specific serious illnesses and medical procedures:

**Coronary artery bypass surgery**
- We won’t provide cover for any correction of narrowing or blockage of coronary arteries which is treated using techniques other than bypass surgery eg angioplasty surgery.

**Live-donor organ transplant**
We won’t cover any of the following:
- organs listed under the live-donor organ transplant definition that involves stem cell treatment
- any organ transplant when the transplant is conducted as a self-transplant
- any transplant when you or your child is a donor for a third party, unless the recipient is also insured under global treatment
- if the transplant is made possible by the purchase of donor organs
- any disease which has been caused by an organ transplant, unless it is a serious illness or requires a medical procedure. For clarity, complications directly associated with transplant surgery covered by the global treatment option occurring during surgery or post-surgery recovery outside of the territory will be covered as it will be considered a continuation of the transplant procedure.
Optional benefits - Global treatment

**Serious illnesses and medical procedures continued**

**Treatment for your child**
In order for a successful claim to be made for your child:
- the symptoms must not have started, and/or
- diagnosis of the illness or condition must not have occurred, and/or
- neither parent must have received counselling or medical advice in relation to the condition or have been aware of the increased risk of the condition before the policy start date or before the legal adoption of the child.

**Medical expenses**

**What we cover**

**Hospital charges**
Relating to:
- accommodation, meals and general nursing services provided during your, or your child’s stay in a room, ward or section of the hospital or in an intensive care or monitoring unit,
- other hospital services including those provided by a hospital outpatient department, as well as expenses relating to the cost of an extra or travelling companion’s bed if the hospital provides this service,
- the use of an operating room and all related services.

**Day clinic**
Day clinic or independent welfare centre expenses, but only if the treatment, surgery or prescription would have been covered by us if provided in hospital.

**Consultant treatment**
Consultant expenses relating to examination, treatment, medical care or surgery.

**Stay in hospital**
Expenses relating to consultant visits during your, or your child’s stay in hospital.

**Medication**
For medication applied by medical prescription while you or your child are staying in hospital for treatment of a covered illness or medical procedure. Medication prescribed for post-operative treatment is covered for 30 days from the date you or your child have completed the treatment received outside of the territory and only when these are purchased prior to returning to the territory. Please see below for separate benefits for medication expenses incurred in the territory.
Optional benefits - Global treatment

Medical expenses continued

Hospital transfers
For transfers and transportation by ground or air ambulance for you or your child where their use is indicated and prescribed by a consultant and pre-approved by BDUI.

Medical treatments
Expenses relating to the following medical and surgical services including reconstructive surgery, treatments or prescriptions:

- for anaesthesia and administration of anaesthetics, provided they are performed by a qualified anaesthetist,
- laboratory analysis and pathology,
- x-rays for diagnostic purposes,
- radiotherapy,
- radioactive isotopes,
- chemotherapy,
- electrocardiograms (ECG),
- echocardiography (ECHO),
- myelograms,
- electroencephalograms (EEG),
- angiograms,
- computerised tomography (CT scan),
- blood transfusions,
- administration of plasma and serum,
- expenses relating to the use of oxygen, application of intravenous solutions and injections,
- other similar tests and treatments required for the diagnosis and treatment of a covered illness or medical procedure, when performed by a consultant or under medical supervision.

Living donor
For services provided to a living donor during the process of removal of an organ or tissue to be transplanted to you or your child arising from:
- the investigation procedure for the location of potential donors,
- hospital services provided to the donor, including accommodation in a hospital room, ward or section, meals, general nursing services, regular services provided by hospital staff, laboratory tests and use of equipment and other facilities (excluding items for personal use which are not required during the process of removal of the organ or tissue to be transplanted),
- surgery and medical services for the removal of a donor’s organ or tissue to be transplanted to you or your child.

Bone marrow transplant
For services and materials supplied for bone marrow cultures in connection with a tissue transplant to be applied to you or your child.
Optional benefits - Global treatment

**Medical expenses continued**

**What we don’t pay for:**

Any medical expenses (with the exception of medication expenses set out below) that are incurred in the territory.

Any treatment that is not arranged under the preliminary medical certificate.

Expenses incurred in the purchase or hire of any of the following equipment or similar items:

- orthopaedic appliances; corsets; bandages; crutches; artificial members or organs; wigs (even where their use is considered necessary during chemotherapy treatment); orthopaedic footwear; trusses; or other similar equipment or items,
- wheelchairs; special beds; air conditioning appliances; air cleaners; or any other similar equipment or items.

Any type of prosthesis that:

- are not fully inserted into the body, and
- are not required as a direct result of the damage to a structure made by the medical procedure(s) arranged under this global treatment option.

**Alternative medicine:**

Any charges made for the use of alternative medicine, even where specifically prescribed by a consultant.

Any expense incurred in a different hospital from the authorised hospital stated in the preliminary medical certificate.

Any expense incurred in respect of confinement services, home health care, or services provided in a convalescence centre or institution, hospice or nursing home, even where such services are required or necessary as a result of a serious illness or medical procedure.

Cerebral syndrome or impairment:

Any charges for medical attention or confinement in cases of:

- cerebral syndrome (presence of a cerebral disorder or damage to the brain resulting in the partial or total impairment of the brain functions), or
- senility, or
- cerebral impairment,

regardless of the status of their development.

Any charges made for any treatment, service, supply or medical prescription for a disease for which the best treatment is a transplant covered by global treatment.
Optional benefits - Global treatment

Medication expenses

What we cover
If treatment of any of the serious illnesses or medical procedures which are paid for under this option resulted in a hospital stay for three nights or more, we’ll pay for the cost of medication purchased in the territory. The maximum limit for this is £50,000 over the policy term.

We’ll only cover the medication expenses if:

- the medication is recommended through BDUI by the international consultant that is treating you or your child, as necessary for on-going treatment,
- the medication recommended by the international consultant has been licensed and approved by the corresponding medical authority or agency in the territory and its prescription and administration is regulated,
- the medication is available for purchase in the territory,
- the medication must be required under prescription by a consultant in the territory, and
- no single prescription exceeds a dose for consumption longer than two months.

What we don’t pay for:
The cost of medication which is funded by the NHS or that is covered by any other insurance policy held by you. Any costs associated with the administration of the medication.
Any medication expenses incurred which had not been sent to us within 180 days of the purchase.
Any medication that is not medically necessary.
## Optional benefits - Global treatment

### Travel, accommodation and miscellaneous expenses

#### What we cover

**Travel and accommodation**

We’ll pay for expenses for travel, in economy class, to and from the agreed hospital indicated in the preliminary medical certificate, and any necessary accommodation, arranged by us for:

- you and a **travelling companion**, or
- you, your **child**, and another **travelling companion** (if it is your **child** that is receiving the treatment under the global treatment option), and/or
- a living donor (if applicable).

We’ll also pay you a daily allowance of £100 for every day you or your **child** spend in hospital outside of the **territory** in respect of treatment arranged under the preliminary medical certificate, up to a maximum of 60 consecutive days for each claim made under the global treatment option under the **policy**.

**Repatriation expenses**

If you or your **child** or a living donor dies whilst receiving treatment approved by the preliminary medical certificate, we’ll pay the costs of transporting the body home, as well as the minimum costs necessary for administrative formalities, embalmment and the coffin in which the body is transported back to the **territory**.

**What we don’t pay for:**

- any travel arrangements which are not associated with travel from and to a permanent address in the **territory**
- any expenses for accommodation or transportation arranged by you, a **travelling companion** or a living donor
- any interpreter’s fees, telephone and other charges for items for personal use or which are not of a medical nature, or for any other service provided to relatives or **travelling companions**
- any breakfast, meals and incidental costs incurred at the hotel. If you pay for an upgrade to your hotel accommodation, you will bear the full cost of the upgrade
- you, your **child** or **travelling companion** to obtain a passport to enable travel outside of the **territory**.
Making a claim - Global treatment

Making a claim under the global treatment option

You can make a claim at any time during the policy term, or within the indemnity period described above. You can make a claim regardless of whether you have made any other claims under your policy.

Your claim will be initially attended by Best Doctors who can be contacted at 0800 085 6605. Best Doctors will then refer you to BDUI who will assess whether you or your child’s initial diagnosis is covered under the global treatment option. This initial diagnosis must come from a consultant in the territory.

If it is covered, BDUI will arrange for a second opinion to be carried out by Best Doctors to confirm the diagnosis and the cover provided under this option.

Following this confirmation, you’ll be given a copy of the second opinion report. If the report confirms that the diagnosis concerns a serious illness or a medical procedure, and you or your child want to receive treatment outside of the territory you must tell BDUI. BDUI will then begin to arrange treatment under the global treatment option.
Making a claim

If you need to make a claim, please contact us on 0800 158 3105 (from outside of the UK, please call +44 2381 247091). Our claims line is open Monday to Friday 8.30am-5.00pm.

For claims under the global treatment option, please read that section of these policy conditions.

When you need to tell us you want to make a claim

If you wish to make a claim, you must contact us as soon as possible from the onset of your incapacity. You need to tell us you want to make a claim before the:

- period of incapacity has lasted eight weeks, or
- deferred period ends, if it’s shorter than eight weeks.

We can’t start assessing your claim until the day you tell us about it. If you don’t tell us within these time limits, we may be unable to confirm the incapacity. This may mean we have to refuse the claim or we may treat the deferred period as not having started until the date we are notified of the claim.

Before we can pay a claim, we need to assess it

We assess your claim from when your incapacity has started. We need satisfactory evidence to support this. To assess the claim we’ll ask for some important information, consents and documents. Apart from any medical evidence we ask for, you’ll have to pay for the information. The kind of things we need may include, but aren’t limited to:

- a claim form signed by you
- proof that you’re ill or have been injured
- written consent that lets us:
  - access your medical records or reports
  - receive the results of any medical examinations or tests
  - apply for evidence and information from other third parties.
- conversations with, and reports from, third parties such as medical practitioners, and employers.

All evidence that is provided to us will need to be in English.

Paying your claim

We may postpone or refuse a claim if we don’t receive the information, consents or documents we need.

You must take whatever steps are necessary to help your recovery, including meeting, and working, with disability counsellors and/or advisers appointed by us.

If we need you to undergo any medical examinations or tests, we’ll pay for them. We’ll also appoint the medical examiner.

When we assess a claim, we rely on the information we’re given. If any of the information isn’t true or complete we may not be able to pay a claim. If we’ve already paid a claim it may mean we can reclaim the money and we won’t make any further payments. Where any of the information isn’t true or complete we may also cancel the policy without refunding any premiums.

This doesn’t affect any other legal rights we have.

If we accept a claim, we’ll make any relevant payment to you in the currency of the UK to a UK, Channel Islands, Isle of Man or Gibraltar bank account.
Making a claim

Recurring incapacity and subsequent incapacity

You can make more than one claim over the policy term.
We’ll pay benefit for a maximum of 12 months for each successful claim. This is the limited payment term.
The claim period will end once you’ve received the maximum annual benefit you’ve selected or the incapacity ends (whichever is earlier). However, the policy will continue and premiums will restart.

If you need to make a claim for the same medical condition within 12 months of the end of the previous claim period:

- if you’ve already received 12 months’ payments you’ll need to have returned to an occupation for at least six consecutive months and we’ll apply the deferred period. A new limited payment term would apply. We’ll assess your incapacity on the occupation you’ve been doing since your return to work after the end of the previous claim period, not the occupation you were assessed against in any previous claim, or
- if the previous limited payment term has not been fully used, the remaining months can be used, provided it does not exceed the policy end date. We won’t reapply the deferred period.

If you need to make a claim which is not related (directly or indirectly) to an incapacity within 12 months of the end of the previous claim period:

- you’ll need to have returned to an occupation for at least six consecutive months and we’ll apply the deferred period. A new limited payment term would apply.
- we’ll assess your incapacity on the occupation you’ve been doing since your return to work after the end of the previous claim period.

If you need to make a claim for the same or a related cause of incapacity, or a different or unconnected cause of incapacity, more than 12 months after the end of the previous claim period. You’ll need to have returned to an occupation for at least six consecutive months and we’ll apply the deferred period. A new limited payment term would apply.

We’ll only pay one claim at a time.

Paying a claim if you are overseas

If you claim whilst you are living, travelling or working outside the list of countries, we’ll only pay a benefit for up to 3 months after the deferred period has ended.

You may need to return to the UK, at your own cost, to undergo a medical examination arranged by us in order for us to fully assess your claim.

If you return to live in one of countries listed and are still incapacitated, we’ll start paying benefit to you again.

We won’t backdate any benefit we didn’t pay when you were outside the list of countries.
Making changes to your policy

Decrease the benefit amount or change your occupation

You can decrease your benefit amount, subject to the minimum benefit amount of £500 per month, six months after the start date without any further health and lifestyle questions being asked.

You can change your occupation six months from the start date without any further health and lifestyle questions being asked.

You can’t make either of these changes if you’re claiming or eligible to make a claim. We can’t make either of these changes in the 10 weeks before the anniversary date of your policy.

If we can make the change, it’ll apply from the date your next premium is due, and your premiums may change.

We’ll use the premium rates and smoker status available at the time you took out your original policy, based on your age at the start of the policy.

After you’ve made the change, your premium can’t be lower than the minimum premium limit which applies at the time we agree to your request.

We will amend your policy and these policy conditions will continue to apply to your amended policy.

Your premiums

For your policy to be maintained, you need to pay your premiums.

You must pay premiums monthly by Direct Debit. All Direct Debits need to come from a bank or building society in the UK, the Channel Islands, the Isle of Man or Gibraltar, in the currency of the UK.

Your policy schedule will show the initial premium you’ll pay, together with the date it and subsequent premiums are due.

You have 60 days from each due date to pay your premium. If you have to make a claim during this period, we’ll deduct the unpaid premium from any benefit amount we pay.

If you don’t pay your premiums within the 60 day period, we’ll cancel your policy. If this happens, you won’t be able to make a claim.

Your premiums are guaranteed, so they won’t increase over the policy term, unless you:

• make changes to your policy, or
• have selected the global treatment option.

Your policy schedule will show which options you have.
General

You need to let us know if your contact details change.
We can’t accept any instruction, request or notice from you until we receive all the information we need. We’ll tell you what kind of information or documentation we need.

Cancelling your policy

You have a 30-day cooling-off period to change your mind.
If you cancel within this period, we’ll refund any premiums you’ve paid. The cooling-off period begins on the later of:
• the day we tell you when your policy will start, and
• the day you receive your policy documents.

You can still cancel the policy after the cooling off period ends, but we won’t refund your premiums. If you do this, you won’t be able to make a claim.

You can also remove any of the options (some of these can only be removed six months from the start date).

Eligibility

To apply for this policy you must:
• be at least 18 years of age, and no older than 59 when we accept your application,
• at the time you apply be physically living in the UK, the Channel Islands, the Isle of Man or Gibraltar and:
  – a citizen of that territory or a British Overseas Territory citizen, or
  – have been granted permission to settle permanently in the named territory.
• be working at least 16 hours a week,
• have been working in the UK, the Channel Islands, the Isle of Man, Republic of Ireland or Gibraltar for the past 12 months, and be able to provide evidence of your earnings for that period, and
• have been registered with a doctor in the UK, the Channel Islands, the Isle of Man or Gibraltar for at least the past 2 years and/or be able to provide a minimum of the last 2 years medical history from a doctor in the UK, the Channel Islands, the Isle of Man or Gibraltar.

What to do if your circumstances change

We use the information you give us in your application to determine the cover we can offer and how much you’ll pay for the policy. If any of the information changes before your policy starts, you must tell us. If, based on the new answer, our original decision would have been different we have the right to change the terms of, or withdraw our offer of cover. If we discover later that you failed to tell us any of this information, we may also cancel the policy without refunding any premiums.

You should review the level of cover if you:
• become unemployed or choose to stop working
• reduce your working hours to less than 16 hours a week
• change your planned retirement date
• take out any other insurance for illness or injury
• move to live outside of the list of countries.

If you don’t review your cover, we won’t backdate any refunds if you choose to reduce your cover at a later date, or if you discover that you are subsequently not eligible for any benefits.
General conditions

Policy amendments

We may alter these policy conditions for any of the following reasons:
• to respond, in a proportionate manner, to changes in:
  ‒ the way we administer these type of policies
  ‒ technology or general practice in the life and pensions industry
  ‒ taxation, law or the interpretation of the law, decisions or recommendations of an ombudsman, regulator or similar body, or any code of practice with which we intend to comply.
• to correct errors if it is fair and reasonable to do so.

If we think any alteration to these policy conditions is to your advantage, we’ll make it immediately and tell you at a later date. We’ll also do this if the alteration is due to regulatory requirements.

If any alteration is to your disadvantage, we’ll aim to tell you in writing at least 60 days before we make it. However, external factors beyond our control may mean we have to give you less notice.

If you’re not happy with any alteration we make to your policy, you can cancel it.

Incorrect information

If your date of birth is wrong, we’ll base the payment we make for any successful claim on the correct date of birth. We’ll tell you if this happens.

If, using the correct date of birth, your age when you took out your policy would have been outside our limits, we’ll cancel your policy. If this happens, we’ll tell you. You won’t be able to make a claim after we’ve cancelled your policy. However, we’ll refund all your premiums (without interest).

We rely on the information provided to us. If any of it is not true or not complete and would have affected our decision to provide your policy, we may:
• change the terms of your policy
• change the premiums you have to pay
• cancel your policy and refund the premiums you’ve paid (without interest).

If we cancel your policy, you won’t be able to make a claim.

We may at any time, in line with reasonable underwriting and insurance practice (and retrospectively where appropriate), change your policy terms or cancel your cover without refunding your premiums if you have:
• misled us, for example telling us incorrect information or not telling us something that we have asked for
• defrauded or attempted to defraud us
• agreed to any attempt by someone else to defraud us
• not acted openly and honestly in dealings with us
• unreasonably refused to comply with these policy conditions.
General conditions continued

Third party rights
This policy does not give any rights to anyone except you and us.
We may, with your agreement, amend or cancel this policy without reference to, or consent from, any other person.

Fairness of terms
We'll always act reasonably and with regard to the need to treat you and all of our customers fairly.
These policy conditions will apply to your policy so long as they are not held by a relevant court, or viewed by the Financial Conduct Authority or by us, to be unfair contract terms. If a term is unfair it will, as far as possible, still apply but without any part of it which causes it to be unfair.

General
You may not transfer ('assign') the policy to someone else. The policy shall only be assigned if there is a requirement to do so by law.

Law
This policy is governed by the law of England. Your contract will be in English and we will always write and speak to you in English.
Definitions

Throughout these **policy conditions** we have highlighted defined terms in bold type (except for personal terms like “we” and “you”) so you know when they apply. The meanings of these words are set out below.

Definitions

b. would no longer receive such income as a result of your incapacity, or
c. do not have separate income protection for themselves on their share of the dividends; or
d. from the net trading profit of the business and not retained profit and are consistent with the level of regular wages or salary that the paying company’s trading position reasonably allows on a continuing basis.

You must be an employed director of, and play an active role in, the private limited company that pays the dividends.

- Self-employed earnings
  The income from your business before income tax, in the 12 months immediately before incapacity, less any allowable expenses against income tax. This means your share of pre-tax profits from your insured occupation after trading expenses.

End date
The date on which entitlement to benefits under this policy end. This is shown in your policy schedule.

Incapacity
The inability, caused by illness or injury, to perform the duties, of each and every occupation you’ve been following in the 12 months before that illness or injury.

Or if you are on the first 52 weeks of maternity, parental or adoption leave; the inability, caused by illness or injury, to perform the duties of the last occupation you followed.

Medical practitioner
A medical practitioner on the List of Registered Medical Practitioners with the UK General Medical Council, or in the case of benefit paid for temporary overseas residence, the equivalent body in the relevant country.

Occupation
Work undertaken for profit, pay or reward for at least 16 hours a week.

Personal circumstances
These can include your age, smoker status (both previous and current), occupation, health and lifestyle.

Policy conditions
This document. It forms our contract of insurance with you.

The application (that you made and we accepted) and the policy schedule also form part of the contract and must be read together with these policy conditions.

Policy schedule
This will show the specific detail of your policy, such as whom it covers, the benefit amount, how much it will cost and any optional benefits and additional benefits included. The policy schedule also includes any subsequent amendments to your policy, which we confirm to you in writing.

Policy term
This relates to the period your policy is in force, from the start date until the end date.

Related
Any illness or condition you had symptoms of, sought advice for, received treatment for, or were aware of, that directly or indirectly contributed towards your absence from work during any previous claim period.

Resident
At the time you complete the application you must be physically living in the named territory (UK, Channel Islands, Isle of Man or Gibraltar) and you:

- are a citizen of that territory or a British Overseas Territory citizen; or
- have been granted permission to settle permanently in the named territory.

Standard terms
The premium and benefits we quote before the underwriting process is completed. If the premium and benefits for your policy are the same after the underwriting process, you will be on standard terms. If, following our underwriting process, we can only offer cover with a higher premium than first quoted, or with certain benefits excluded, or both, this would not be standard terms. We will have told you whether you were accepted on standard terms when confirming our decision on your application.

Start date
The date on which cover under this policy starts. It’s shown in the policy schedule.
