

Second opinions really count

Especially when they're from
international medical specialists

 Best Doctors®

Expert advice from international medical specialists

When you're suffering with a medical problem, it can really help to understand your diagnosis and the treatment you may need.

That's why we've teamed up with second medical opinion provider, Best Doctors[®].

Second opinion by Best Doctors

How does it work?

If you've been diagnosed with a medical condition, you can call Best Doctors, any time, seven days a week. Best Doctors will select the most suitable expert for your case from their database of over 50,000 specialists in order to provide an in-depth analysis of your diagnosis and treatment options.

The process at a glance

You call Best Doctors on **0800 085 6605** to find out if you can benefit from the service

If you can, with your consent Best Doctors will obtain your medical records and any other important information on your behalf

One of their experts will review your medical information and any test results

You'll receive an in-depth report with advice on your diagnosis and treatment options

Your assigned Case Coordinator will call you to talk you through the report

You'll have the information which you need to help you make a decision moving forward

Who's covered?

If you're the life covered on a Business Life Insurance Options or Relevant Life Insurance policy, you can benefit from the service.

What conditions are covered?

You can get a second opinion from Best Doctors even if the medical condition isn't covered by your policy.

From migraines to heart conditions, Best Doctors covers medical conditions which may cause you significant discomfort in your day-to-day life.

What's not covered?

Best Doctors services are not available with respect to mental health-related conditions, acute conditions, dental problems or patients currently in hospital.

The Best Doctors service is a benefit which is separate to your contract so we can withdraw it at any time.

Who are Best Doctors®?

Best Doctors give you access to an expert second medical opinion on your diagnosis, at no extra cost to you.

Best Doctors use the knowledge of international medical specialists to give you information and advice on your condition. They have a worldwide database of more than 50,000 doctors in over 450 specialties and subspecialties. The doctors on the database are recommended by their peers as someone they would choose to treat them or their loved ones.
