

Just what the doctor ordered

For employer use. Can be used with advisers.

Working together with

Give your employees easy access to a digital GP consultation with the Aviva DigiCare+ Workplace app

It's not always easy to see a doctor quickly. With the Digital GP service, long waiting times are a thing of the past.

Digital GP

Designed to complement existing NHS treatment, this private doctor service offers access to clinical advice and guidance in non-emergency situations. It offers the peace of mind of being able to speak to a doctor quickly by video appointment, for up to 20 minutes, including wrap up time.

Patients can view the biographies of a GP before booking, and if they want to, choose the same doctor for a follow-up appointment. An appointment could lead to a prescription, a fit note or recommendation for specialist treatment. Patients can also speak to a UK doctor when they are on holiday abroad.

Up to three appointments a year are available, shared between the employee and their immediate family members.

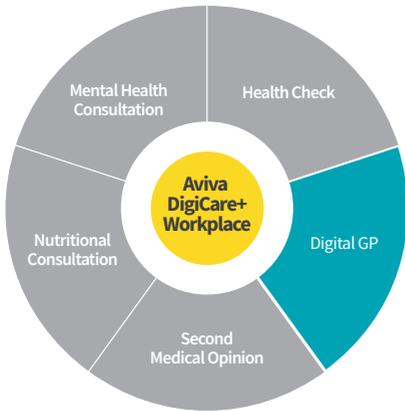

The benefits

- ✓ It's **easy to use**, with fast, flexible access to medical advice
- ✓ The option to **view the biographies of a GP** before booking a consultation
- ✓ The GP has access to **other medical practitioners**

Who's it for?

All employees insured under Aviva's Group Critical Illness or Group Income Protection policies, their spouse or partner, and children up to the age of 18, or 21 if in full time education.

Look after your employees with Aviva DigiCare+ Workplace

Your people make your business, so if they are not in good health, neither is your business.

The Aviva DigiCare+ Workplace smartphone app, provided by Square Health, gives your employees the guidance and care they need to help detect, manage and prevent physical and mental health problems.

A Group Income Protection or Group Critical Illness policy should not be taken out for access to Aviva DigiCare+ Workplace. The main purpose for taking out a policy should be the financial protection available. Aviva DigiCare+ Workplace is a non-contractual benefit, which Aviva can withdraw at any time. Terms and conditions apply, which can be viewed in the app. Employees will need to agree to these before using the services. Personal data is collected and used in accordance with the Square Health privacy policy found at: http://cms.squarehealth.com/aviva_group/privacy_policy.html

Accessing Aviva DigiCare+ Workplace

- 1 You'll receive an email asking you to log in to the Square Health employer portal.
- 2 You'll be asked to load the email addresses of all insured employees into the portal.
- 3 Square Health will email each employee an invitation to register for Aviva DigiCare+ Workplace (compatible with most iOS and Android mobile devices). Mobile data charges may apply.
- 4 Once registered, your employee can ask Square Health to send an invitation to register their spouse or partner and any children over the age of 16 for a separate app. Details for children under age 16 will sit within your employee's app and can be added to the app of their spouse or partner.

£ How much does this service cost?

Any employees or their immediate family members using the Digital GP service will have to cover these costs:

- The costs of the medication
- £15 for a referral letter
- £15 for an electronic fit note.
