

# Aviva Life & Pensions UK Limited With-Profits Sub-Fund (formerly Norwich Union Life & Pensions)

## Summary of changes to the Principles and Practices of Financial Management (PPFM)

### Introduction and Background

This document summarises changes made to the With-Profits Sub-Fund PPFM in recent years.

The PPFM was first published on 29 April 2004 and has subsequently been amended on a number of occasions. The Aviva website now displays the latest version of the PPFM.

### 1. Changes effective from 1 January 2024

#### (a) Practices 2.6

The reference to a webpage used in this section has been updated.

#### (b) Practices 4.2

The practices included wording related to capital instruments issued by Friends Life Holdings plc. These instruments have been repaid and so the wording has been deleted. However, it is still a requirement that an annual review of the impact of the Company's plans on the security of policyholders is provided to the With-Profits Committee.

Wording on strategic investments has been moved to improve readability.

### 2. Changes effective from 1 January 2023

The PPFM has been amended from 1 January 2023. A number of practices were amended following an internal review.

#### (a) General changes

We have made some minor corrections and clarifications to wording. These have not been described here as they make no material change to the PPFM.

### 3. Changes effective from 1 January 2022

The PPFM has been amended from 1 January 2022. A number of practices were amended following an internal review.

#### (a) Practices 2.2

We have reduced the upper limit of the target payout range for conventional business to achieve a better balance of the cost of smoothing between generations of policyholders as outlined in the Principles.

#### (b) Practices 2.4

We have corrected the wording for the tax deducted from asset shares to reflect actual practice.

#### (c) Practices 3.2

We have clarified the upper limit for the benchmark equity backing ratio.

### 4. Changes effective from 1 January 2021

The PPFM has been amended from 1 January 2021. Two practices were amended following an internal review.

#### (a) Practices 2.2

We have corrected the wording for the change in payouts to be less than or equal to the smoothing limits following final bonus rates changes.

#### (b) Practices 4.2

Following the introduction of the new MSA, the treatment of the Staff Pension Scheme is no longer a fund risk and the wording has been corrected to reflect this.

## 5. Changes effective from 1 January 2020

The PPFM has been amended from 1 January 2020. A number of practices were amended following an internal review. We have amended some principles following the closure of the fund to new business.

### (a) General changes

We have made some minor corrections and clarifications to wording. These have not been described here as they make no material change to the PPFM.

### (b) Principles 4.1, 6.1, 7.1 & 8.1 and Practices 2.6, 4.2, 7.2 & 8.2

We have updated the wording to reflect that the Sub-Fund was closed to new business from 1 July 2019. We still accept increments to existing policies and business written following the exercise of options on existing contracts. Changes are required to the principles to reflect the closure and we are permitted to make these changes as we have already written to policyholders communicating the closure of the Sub-Fund.

### (c) Practices 2.6 & 6.2

We have made some changes to the description of our approach to estate distributions to make it clearer for customers to understand the main risks and rewards of maintaining a with-profits policy in the Sub-Fund.

### (d) Practices 5.2

The PPFM referred to a management services agreement which ceased at the end of 2018. We have amended the wording to reflect the revised Management Services Agreement which took effect from 1 January 2019.

### (e) Practices 3.2 & 6.2 and Glossary

We have updated the wording to reflect the changes in the Risk Appetite Framework. The aim of the Risk Appetite Framework is to manage the Sub-Fund so that the inherited estate is within a preferred range.

## 6. Changes effective from 1 January 2019

The PPFM was amended 1 January 2019. A number of practices were amended following an internal review.

### (a) General changes

Where possible we have standardised wording and removed any Practices that are no longer applicable. They have not been described here as they make no material change to the PPFM.

### (b) Practices 2.2 & 2.6

We have made some changes to the way we apply smoothing of payouts to better achieve the way smoothing is described in the Principles.

### (c) Practices 3.2

We have clarified the approach to reviewing investment strategy and how it is described within the PPFM.

## 7. Changes effective from 1 January 2018

The PPFM was amended 1 January 2018. One practice was amended following an internal review.

### (a) General changes

We have made some minor corrections and clarifications to wording. These have not been described in detail here as they make no material change to the PPFM.

### (b) Practices 6.3

We have amended the risk appetite framework to simplify our process and to better achieve our Principles.
