Policy Wording (experience rated)

Welcome to Aviva

This booklet tells you about your policy and the cover your company provides for your members, including:

- what's covered
- what's not covered, and
- explanations of some of the terms used in this document so that you're fully aware of the cover that's being provided.

Throughout this booklet certain words are shown in **bold** type. These are defined terms and have specific meanings when used in this booklet. The meanings are set out in the definitions section which can be found in the back pages.

Throughout the policy document, the words 'such as', 'including' and 'for example' are illustrative only and are not intended to define an exhaustive list.

We've designed this booklet to be as easy to understand as possible, but if you've any questions or queries about your policy please call us on **0800 158 3344** and we'll be pleased to help you. Calls to and from Aviva may be monitored and/or recorded.

This policy is underwritten by Aviva Insurance Limited and administered by Aviva Health UK Limited.

Cover and benefits

The information on these pages details the benefits available under **your policy**.

Some important notes apply:

This **policy** covers **treatment of acute conditions**. It does not cover **chronic conditions**.

An **acute condition** is defined as a disease, illness or injury that is likely to respond quickly to **treatment** which aims to return a **member** to the state of health they were in immediately before suffering from it, or which leads to their full recovery.

A chronic condition is defined as a disease, illness or injury that has one or more of the following characteristics:

- it needs ongoing or long-term monitoring through consultations, examinations, check-ups and/or tests
- it needs ongoing or long term control or relief of symptoms
- it requires a **member's** rehabilitation or for them to be specially trained to cope with it
- it continues indefinitely
- it has no known cure
- it comes back or is likely to come back.

All **treatment** and **diagnostic tests** must be by, and under the care of a **specialist** following referral by a **GP** unless otherwise stated.

Members are covered for eligible **treatment**. Eligible **treatment** is **treatment of an acute condition**:

- covered under the **policy**, including facilities, services and equipment
- shown by current best available clinical evidence to improve the **member's** health outcome, at the time the **member's treatment** takes place
- appropriate for the **member's** individual care, including how it is carried out, how long it continues and how often it occurs
- carried out by a health care professional, such as a **specialist**, who is qualified to provide **the member's treatment** and to care for their condition, and is recognised by **us**, and
- undertaken because the **member** needs it for medical reasons.

Where are members covered for treatment?

Expert Select

If a **member** has the Expert Select hospital option, **treatment** will be covered when it's carried out by the **specialist** and at the **hospital** confirmed by **us**.

If a **member's GP** decides they need to be referred for further **diagnostic tests** or **treatment**, they must obtain an **open referral** and contact **us**.

We will then use **our** clinical knowledge and independent quality data to locate a **specialist** and **hospital** suitable for them. **Members** must also obtain an **open referral** if they are referred for further **diagnostic tests** or **treatment** following NHS **treatment**. This includes **treatment** at an accident & emergency department.

We will only accept a named referral from a **GP** or a **specialist** if **we** agree there is a medical need for it. **We** maintain the right to request a report from the **GP** or **specialist** to get full details before **we** consider **treatment** under a named referral.

If a **member** has **treatment** with a **hospital** or **specialist** that has not been agreed by **us**, **we** will not pay that provider's fees.

Hospital lists

If a **member** has a hospital list, **in-patient** and **day-patient treatment** will be covered when it takes place at a **hospital** on the chosen hospital list or a facility within one of **our networks**. All **treatment** and **diagnostic tests** must be carried out by providers (such as **hospitals**, facilities, or **specialists**) recognised by **us**. If a **member** has **treatment** with a provider that **we** do not recognise, **we** will not pay that provider's fees.

Networks

We've set up networks of treatment units, specialising in managing certain conditions.

We only work with clinicians and medical facilities that meet **our** quality care standards. These facilities assess their results using patient reported outcome measures (known as PROMs), condition-specific clinical outcome scores and service user satisfaction scores.

More information on networks and a list of the conditions for which **we** have a network in place can be found at aviva.co.uk/health-network

If a **member** has Expert Select, they will always benefit from **our networks** as **we** will guide them to a **network** facility if **we** have one for their condition, following the **open referral** from their **GP**.

If a **member** has a hospital list and they need **treatment** for a condition for which **we** have a **network**, they can benefit from **our networks** by obtaining an **open referral** and allowing **us** to confirm a **treatment** facility for them, or they can choose to use a **hospital** on their hospital list.

The monetary limit does not apply to **out-patient cancer treatment** received after the **member** has been diagnosed with **cancer**. The limit will still apply to consequences of **cancer treatment** and conditions **related to cancer treatment**.

The monetary limit does not apply to **out-patient treatment** received through some of **our networks**. A list of the conditions for which **we** have a **network** in place and details of how the **out-patient** limit is applied can be found at aviva.co.uk/health-network

Benefit terms

The benefit tables in the previous section tell **members** which of the following benefit terms apply to them.

Accidental dental injury

We will pay for **treatment** required as a result of an injury which causes damage or deformity to teeth or gums which have not previously been decayed, diseased, repaired, restored or treated (other than scaling or polishing). This does not include damage to dentures or implants. The injury must be caused by an accident which occurs after the **member** joined the **policy**.

Baby bonus

We pay the **group member** a baby bonus of £100 for each baby born to or adopted (within a year of birth) by them or a **family member** during a **policy year**.

The baby bonus is payable once for each baby. For **members** with moratorium or full medical underwriting, the baby bonus is only available if the baby is born or adopted more than ten months after the **group member** joins the **policy**.

BacktoBetter

Claims for musculoskeletal conditions are managed through our BacktoBetter service.

Musculoskeletal conditions are

- pain
- stiffness
- weakness
- spasm
- a pull or strain, or
- other discomfort

in the back, neck, muscles or joints.

Members do not need to see a **GP** before making a claim for a musculoskeletal condition. **Members** should contact **us** before **treatment** begins and **our** recognised clinical providers will arrange the most appropriate **treatment** for the **member's** condition. **Treatment** may include, for example:

- telephone and/or online support

- **treatment** provided by **physiotherapists**
- referral to a **specialist**.

Treatment related to musculoskeletal conditions will not be an eligible claim under any other benefit on this **policy**, except for NHS cash benefit.

Please note:

- if the **member** is referred to an **osteopath** or **chiropractor**, **we** will need to check that they have been referred to a practitioner recognised by **us**. If the **member** receives **treatment** from an **osteopath** or **chiropractor** it will be limited to 10 sessions per condition per **policy year** and **we** will pay up to the limits in **our** fee schedule for each session.
- physiotherapy for musculoskeletal conditions will not be subject to the **out-patient** limit (if one applies).
- BacktoBetter is not a **network**. All **treatment** for musculoskeletal conditions must be managed and received through the BacktoBetter pathway.

We are constantly reviewing the BacktoBetter service and may offer a different musculoskeletal claim pathway in the future where **we** identify opportunities to achieve the same or a better clinical outcome for **members**, with the involvement of **our** recognised clinical providers.

For **members** aged 11 and under the BacktoBetter service is not available, however benefit is still available for **treatment** of musculoskeletal conditions. A **GP** referral should be obtained before contacting **us**.

Dental and optical excess

Routine dental treatment and optical benefits each have a separate excess of £50. The **member** must pay the first £50 themselves and **we** will then pay for costs up to the limit covered by the **policy**.

For example if a claim is made for £220 for routine dental treatment covered by the **policy**, **we** will deduct the £50 excess from this sum and pay the balance of £170 to the **member**. The **member** is responsible for paying the £50 excess for the

treatment received. This leaves a balance of £280 available to the **member** in this example for subsequent claims in the same **policy year**. The excess is only deducted once for each **member** every **policy year**.

If another excess has been chosen on the **policy** it will not apply to the dental and optical benefit.

Excess

If **you** have chosen an excess, **we** will pay benefits up to the amounts shown after the excess has been paid.

The excess is applied to each **member**, each **policy year**. This means that if a claim or course of **treatment** continues from one **policy year** to the next, the excess will apply again.

For example, if there is a £500 excess on the **policy** and the **member's treatment** in a **policy year** costs £1,000, the **member** will pay the first £500 and **we** will pay the rest, up to any benefit limit set on the **policy**. If the **treatment** carries on into the next **policy year**, another excess will apply, so the **member** will again pay the first £500 of **treatment** received in that **policy year**.

If the **member's treatment** costs £500 and the excess is also £500, the **member** will have to meet the full cost of that **treatment**. However, their excess will be paid and will not apply to other claims in that **policy year**.

The excess is applied on the date **treatment** takes place and not the date **we** pay the bill.

The excess does not apply to NHS cash benefit, the baby bonus, donations **we** make to a **hospice**, any benefit claims under the dental and optical benefit, NHS cancer cash benefit or the wigs benefit under benefits for **cancer treatment**.

If a **member** claims for a benefit that has a monetary limit, the excess amount will not contribute to the monetary limit.

So if, for example, the **member's** excess was £200 and the **treatment** they are claiming for has a benefit limit of £1,000, they would have to pay the first £200 and **we** would pay up to a further £1,000 for that benefit in that **policy year**.

If an excess applies, **we** will write to the **member** to advise who the excess should be paid to. The

member is liable for the amount of the excess and this should be paid directly to the provider of **treatment** or services, for example the **specialist** or **hospital**.

Fair + Square hospitals

The Fair + Square hospital list is a closed list. It is no longer available to new or existing customers who haven't already selected this list. It is only available to existing customers who currently have this list included on their policy, as shown on their accepted renewal terms.

Hospital charges for **in-patient** and **day-patient treatment** are covered in full if a **member** has **treatment** at a **hospital** on the Fair + Square hospital list, or a facility on one of **our networks**.

If the **member** receives **treatment** as an **in-patient** or **day-patient** in a **hospital** or facility that is not included on the Fair + Square hospital list, or one of our **networks**, but is recognised by **us**, **we** will calculate the average cost of hospital charges for equivalent **treatment** across all **hospitals** on the Fair + Square hospital list, and that average cost is the maximum **we** will pay. This could leave the **member** with a shortfall that the **policy** does not cover. If the actual cost of the **treatment** is less than the average cost, **we** will pay the **hospital** costs in full.

We will cover **specialists'** fees up to the limits in **our** fee schedule.

If a **member** receives **in-patient** or **day-patient treatment** in a **hospital** that is not recognised by **us**, **we** will not pay any **hospital** fees for their **treatment**.

Home nursing

We cover home nursing if this:

- is recommended and supervised by the **member's specialist**
- takes place in the **member's** home
- immediately follows **treatment** as an **in-patient** or **day-patient** that is covered by their **policy**
- is carried out by a **nurse** and is the type of **treatment** that only a **nurse** can provide, and
- is needed for medical reasons and is not to help with their mobility, personal care or preparation of meals.

Hospice

We will pay a donation directly to the **hospice** when:

- a **member** receives care as a patient of a **hospice**, and
- **we** have previously covered **treatment** for the condition.

Hospital charges

Expert Select

If a **member** has Expert Select, **we** cover **treatment** that is carried out at the **hospital** confirmed by **us**. If a **member** receives **in-patient, day-patient or out-patient treatment** at a **hospital** that has not been confirmed by **us**, **we** will not pay the **hospital** fees.

If a **member** receives **treatment** as an NHS **in-patient or day-patient** whilst occupying an NHS amenity bed (a bed paid for by them in a single room or side ward in an NHS **hospital** where they receive NHS **in-patient or day-patient treatment**) and that **treatment** would have been covered by the **policy** if they had chosen to receive it as a private patient, **we** will reimburse them for the cost of the amenity bed.

We will pay the fixed cost for the amenity bed only; **we** will not pay for additional extras (such as visitor meals).

If a **member** claims for the cost of an NHS amenity bed they cannot also claim NHS cash benefit or NHS cancer cash benefit for the same **treatment**.

Hospital lists

If a **member** has a hospital list, **hospital** charges for **in-patient and day-patient treatment** are covered in full if a **member** has **treatment** at a **hospital** on their hospital list, a facility on one of **our networks** or an NHS pay-bed at an NHS hospital.

If the **member** receives **treatment** as an **in-patient or day-patient** in a **hospital** or facility that is not:

- included on their hospital list, or
- included on one of **our networks**, or
- an NHS pay-bed at an NHS **hospital**

but is recognised by **us**, **we** will calculate the average cost of hospital charges for equivalent **treatment**

across all **hospitals** on the **member's** list and that average cost is the maximum **we** will pay. This could leave the **member** with a shortfall that the **policy** does not cover. If the actual cost of the **treatment** is less than the average cost, **we** will pay the **hospital** costs in full. **We** will cover **specialists' fees** up to the limits in **our** fee schedule.

If a **member** receives **in-patient or day-patient treatment** in a **hospital** that is not recognised by **us**, **we** will not pay any **hospital** fees for their **treatment**.

If a **member** receives **treatment** as an NHS **in-patient or day-patient** whilst occupying an NHS amenity bed (a bed paid for by them in a single room or side ward in an NHS **hospital** where they receive NHS **in-patient or day-patient treatment**) and that **treatment** would have been covered by the **policy** if they had chosen to receive it as a private patient, **we** will reimburse them for the cost of the amenity bed.

We will pay the fixed cost for the amenity bed only; **we** will not pay for additional extras (such as visitor meals).

If they claim for the cost of an NHS amenity bed they cannot also claim NHS cash benefit or NHS cancer cash benefit for the same **treatment**.

Mental health pathway

Claims for mental health conditions are managed through the mental health pathway. **We** cover **treatment** for acute mental health conditions. This means **we** will pay for **treatment** which aims to lead to a **member's** full recovery.

Members aged 12 and over do not need to see a **GP** before making a claim for a mental health condition. **They** should call **us** before **treatment** begins and **our** independent mental health provider will arrange the most appropriate **treatment** for their condition. **Treatment** may include for example:

- online CBT (Cognitive Behavioural Therapy)
- remote talking therapies
- face to face **treatment**
- psychiatrist/psychiatric **specialist** assessment and **treatment**.

We do not cover:

- **treatment** that is given solely to alleviate symptoms,
- **chronic conditions**, or
- **treatment**, including **diagnostic tests** to treat or assess learning difficulties or developmental or behavioural problems such as attention deficit hyperactivity disorder (ADHD) and autism spectrum disorder

For **members** aged 11 and under the mental health pathway is not available, however benefit is still available for **treatment** of acute mental health conditions. These **members** should see a **GP** for a referral then contact **us** with the details of the claim.

Please note:

- **treatment** related to mental health conditions will not be covered under any other benefit on this **policy**
- if **members** using the mental health pathway do not provide 24 hours' notice for cancellation of an appointment, or do not attend a scheduled appointment, they will be charged a cancellation fee.
- The mental health pathway is not a **network**. All **treatment** for mental health conditions must be managed and received through the mental health pathway.

We are constantly reviewing the mental health pathway and may offer a different claim pathway in the future where **we** identify opportunities to achieve the same or a better clinical outcome for **members**, with or without the involvement of **our** independent mental health provider.

NHS cash

We will pay NHS cash benefit if:

- the **member** receives **treatment** as an NHS **in-patient**, and
- that **treatment** would have been covered by the **policy** if they had chosen to receive it as a private patient.

When they make a claim for NHS cash benefit, **we** may ask for the discharge summary from the **hospital**.

NHS cash benefit is not available:

- if the **member** is a fee paying patient of any kind
- for the first three nights following an **accident or emergency admission**
- for **cancer treatment**
- for claims for mental health **treatment**, or
- if a **member** claims for the cost of an NHS amenity bed for the same **treatment**.

Optical

Optical benefit is payable for contact lenses and glasses bought as a result of a change in a **member's** prescription.

We do not cover the cost of eye tests, optical solutions and accessories (for example cases, cleaning cloths) or contract schemes (for example monthly disposable contact lens schemes).

Practitioner fees

We cover practitioner's fees (such as physiotherapists, osteopaths) up to the limits in **our** fee schedule.

If the fee is higher than the limit in **our** fee schedule, it is the **member's** responsibility to pay the practitioner the difference.

Members can view the fee schedule online at aviva.co.uk/health/online-fee-schedule or call the customer service helpline on 0800 158 3344.

Calls to and from Aviva may be recorded and/or monitored.

Pregnancy complications

Cover will only be available for **treatment** directly or indirectly arising from or recommended by the **member's specialist** in connection with the following conditions once diagnosed:

- post-natal depression (only if the **policy** has mental health cover - please refer to the accepted quotation/renewal terms to see which options have been chosen)
- ectopic pregnancy (development of foetus outside the womb)
- miscarriage (but not investigations into the cause of miscarriage)

- still birth
- hydatidiform mole (cell growth abnormality in the womb)
- retained placenta (afterbirth retained in the womb)
- eclampsia (a coma or seizure during pregnancy and following pre-eclampsia)
- caesarean sections – but only in specific clinical circumstances (**we** require full clinical details from the **member's specialist** before **we** can make a decision about cover).

For **members** with moratorium or full medical underwriting - **we** will only pay for these conditions and **treatments** if they occur at least 10 months after the **member** joins the **policy**.

Private ambulance

We cover travel by a private ambulance to the nearest available facility if:

- it is needed in connection with **treatment** as an **in-patient** or **day-patient** that is covered by the **policy**, and
- the **member** travels between **hospitals** as part of their **treatment** as an **in-patient** or **day-patient**, and
- it is **medically necessary** for the **member** to travel by ambulance.

Routine dental treatment

We cover dental **treatment** carried out by a dental practitioner in a dental surgery including examinations, tooth cleaning, white fillings (where appropriate), crowns, extractions and surgery. **We** do not pay for contract schemes (for example monthly dental plans).

Specialists' fees

Expert Select

If a **member** has Expert Select, **we** cover **treatment** that is carried out by a **specialist** confirmed by **us**. If a **member** receives **in-patient, day-patient** or **out-patient treatment** by a **specialist** that has not been confirmed by **us**, **we** will not pay the **specialists' fees**.

If a **specialist** decides a **member** needs to be referred to another **specialist** for tests and/or **treatment** they should ask for the specialism and the sub-specialism of the person they need to see and contact **us**. **We** will then confirm the **specialist** that the **policy** will cover.

We will only accept a named referral from a **GP** or a **specialist** if **we** agree there is a medical need for it. **We** maintain the right to request a report from the **GP** or **specialist** to get full details before **we** confirm **we** will cover **treatment** under a named referral.

If a **member** has received **treatment** and is discharged from the **specialist's** care but needs further **treatment** for the same condition within three months of their discharge, the **policy** will cover further eligible **treatment** with the same **specialist**.

If a **member** has been discharged from the **specialist's** care but needs further **treatment** for the same condition more than three months after their discharge, they must obtain an **open referral** from their **GP** and **we** will confirm the **specialist** that the **policy** will cover.

We will only cover further **treatment** with the same **specialist** more than three months after a **member's** discharge if **we** agree there is a clinical need. **We** maintain the right to request a report from the **GP** or **specialist** to get full details before **we** confirm cover.

Hospital lists

If a **member** has a hospital list, **we** cover **specialists'** fees up to the limits in **our** fee schedule. If the fee is higher than the limit in **our** fee schedule, it is the **member's** responsibility to pay the **specialist** the difference.

Members can view the fee schedule online at aviva.co.uk/health/online-fee-schedule or call the customer service helpline on 0800 158 3344.

Calls to and from Aviva may be recorded and/or monitored.

Stress counselling helpline

The stress counselling helpline service is designed to be available 24 hours per day but some reasonable delay may be experienced from time to time.

This is not an emergency service. A **member** may call on behalf of another **member** subject to any patient confidentiality requirements of the service provider. In using the helpline, the **member** (where applicable, on behalf of another **member**) automatically authorises the use and disclosure of any medical or other information, on a fully confidential basis as between **us** and any service providers **we** use in making the service available, for the sole purpose of **policy** and service administration.

We will not be responsible for any failure in the provision of the helpline service to the extent that it is due to circumstances beyond the reasonable control of **us** or any of **our** service providers.

Call charges are the responsibility of the caller.

Therapies

We cover up to ten sessions in combined total (for example five physiotherapy sessions and five osteopathy sessions) per **policy year** on referral from a **GP** for each separate condition.

Benefits for cancer treatment

This section explains what Aviva will pay for **cancer treatment**

Important:

If a **member** has one of the reduced **out-patient** options the monetary limit will not apply to **cancer treatment** received after the **member** has been diagnosed with **cancer**. The out-patient limit will still apply to consequences of **cancer treatment** and conditions **related to cancer treatment**.

If a **member** has the six week option, **we** do not pay for **treatment** as an **in-patient** or **day-patient** if it is available on the NHS (including **accident or emergency admissions**) within six weeks from the date the **specialist** recommends it. The NHS can often treat cancer patients within 6 weeks, which means that **we** will not pay for most of the **treatment** a **member** needs.

However, if a **member's specialist** recommends **treatment** that is not available on the NHS, but is covered by the **policy**, **we** will pay for that **treatment**.

If a member has the six week option and has **treatment** as an **out-patient**, **we** do not apply the six week rule to that **treatment**. However, if they need to be admitted for emergency **treatment**, for example a blood transfusion, **we** will not pay for that **treatment**.

We cover **treatment** that is carried out at a **hospital** covered under the **member's** hospital option. **We** also cover **treatment** at home if the **member's specialist** agrees this is possible and it can be supported by a homecare provider recognised by **us**.

Benefit terms

Chemotherapy

We will pay for **chemotherapy** in full if a **member** has **treatment** at a **hospital** covered under their hospital option.

We also cover **chemotherapy** at home if the **member's specialist** agrees this is possible and it can be supported by the homecare provider.

We do not pay for hormone therapy.

BUT: We will pay for hormone therapy if a **member** needs it to shrink a tumour before they have surgery or radiotherapy.

End of life care

We will pay for end of life care in a **hospital** if it is **medically necessary**.

If a **member** is admitted to a **hospice**, we will make a donation to the **hospice** of £100 each night, up to £10,000 (someone will need to tell us that the **member** has been admitted to the hospice).

If a **member** stays at home but is visited by a nurse from a registered charity, for example Macmillan Cancer Support or Marie Curie Cancer Care, we will donate £50 a day to one charity for each day they need to be with them, up to the £10,000 limit.

Genetic testing

We will pay for genetic testing in full if it is requested by a **specialist** to aid a diagnosis or to help determine the type of **treatment** required and is carried out at a facility recognised by us.

But, we will not pay for genetic testing carried out:

- for screening purposes
- where there are no symptoms, or
- when the outcome of the test will not determine a **treatment** pathway

Molecular profiling

During molecular profiling, the profile of the cancerous tissue is studied to help determine the most accurate and effective treatment. We pay for these tests in full when they are being used to determine the most appropriate **treatment** and are carried out at a facility recognised by us.

Monitoring

We will pay for monitoring after a **member's treatment** for **cancer** has finished. This includes **diagnostic tests** and consultations.

We do not pay for monitoring after **treatment** for non-melanoma skin **cancer**.

NHS cancer cash benefit

We will pay NHS cancer cash benefit for **cancer treatment** if:

- a **member** receives **treatment** for **cancer** as an NHS patient, and
- that **treatment** would have been covered by the **policy** if they had chosen to receive it as a private patient.

We will pay £100 for each day the **member** receives **treatment**:

- as an **in-patient**, and
- as a **day-patient**.

We will pay £100 for each day the **member**:

- receives **out-patient** radiotherapy, **chemotherapy** or blood transfusions, and
- undergoes **out-patient** surgical procedures.

We will pay £100 for:

- each day the **member** receives intravenous (IV) **chemotherapy** at home, and
- each week whilst the **member** is taking oral **chemotherapy** drugs at home.

We may need to contact the **member's specialist** for details of their **treatment** before we can pay their claim. When a **member** makes a claim for NHS cancer

cash benefit, **we** may ask for the discharge summary from the **hospital**.

The **member** will not be able to claim more than £100 in any one day.

NHS cancer cash benefit for **cancer treatment** is not available:

- for claims for mental health **treatment**, or
- if a **member** claims for the cost of an NHS amenity bed for the same **treatment**.

Ongoing needs

If a **member** has any ongoing medical needs, such as regular replacement of tubes, drains or stents, **we** will pay for up to five years after their **treatment** for **cancer** has finished, provided they are still a **member** of the **policy**.

Post-surgery services

Medical services

Following surgery for **cancer** there are a number of different specialist services that a **member** may need, depending on the type of **cancer** they have and the surgery they have had. **We** will pay for consultations following surgery with, for example, a:

- **dietician** in order to stabilise a **member's** diet following surgery or **chemotherapy**
- stoma **nurse** to show them how to care for their stoma, and
- **nurse** to show them how to manage lymphoedema.

Artificial feeding

If, due to a **member's cancer** or **treatment** of their **cancer**, they have problems eating and need artificial feeding, **we** will pay for the insertion and replacement of a tube (for example, a central line, PICC line or PEG) to deliver the food (called nutrition). Whilst they are in **hospital** for **cancer treatment** **we** will pay for the nutrition itself, although once their **cancer treatment** has finished **we** will no longer pay for the nutrition itself, or maintenance of the line (for example cleaning of the line).

Preventative treatment

We will pay for surgery to prevent further **cancer** only if a **member** has already had **treatment** for **cancer** that **we** have paid for – for example, **we** will pay for a mastectomy to a healthy breast in the event that they have been diagnosed with **cancer** in the other breast.

We will not pay for surgery where a **member** has no symptoms of **cancer**, for example where they have a strong family history of **cancer** such as breast cancer, or bowel cancer.

Prostheses

We will pay in full for prostheses that are inserted into the body.

For external prostheses following surgery for **cancer** – for example arms, legs, breasts, ears – **we** will contribute up to £5,000 towards the cost of purchasing the first prosthesis after a **member's** surgery. This includes any cost for fitting the prosthesis.

Radiotherapy

We will pay for radiotherapy in full if a **member** has **treatment** at a **hospital** covered under their hospital option.

Side effects

Whilst a **member** is receiving **chemotherapy** or radiotherapy, **we** will pay for **treatment** prescribed by their **specialist** that **they** need to deal with their side effects, for example:

- antibiotics
- anti-sickness drugs
- steroids
- pain killers
- drugs to boost their immune system, and
- blood transfusions.

Specialists' fees

Expert Select

If a **member** has Expert Select, **we** cover **treatment** that is carried out by a **specialist** confirmed by **us**. If a **member** receives **in-patient, day-patient** or **out-patient treatment** by a **specialist** that has not been confirmed by **us**, **we** will not pay the **specialists' fees**.

If a **specialist** decides a **member** needs to be referred to another **specialist** for tests and/or **treatment** they should ask for the specialism and the sub-specialism of the person they need to see and contact **us**. **We** will then confirm the **specialist** that the **policy** will cover.

We will only accept a named referral from a **GP** or a **specialist** if **we** agree there is a medical need for it. **We** maintain the right to request a report from the **GP** or **specialist** to get full details before **we** confirm **we** will cover **treatment** under a named referral.

If a **member** has received **treatment** and is discharged from the **specialist's** care but needs further **treatment** for the same condition within three months of their discharge, the **policy** will cover further eligible **treatment** with the same **specialist**.

If a **member** has been discharged from the **specialist's** care but needs further **treatment** for the same condition more than three months after their discharge, they must obtain an **open referral** from their **GP** and **we** will confirm the **specialist** that the **policy** will cover.

We will only cover further **treatment** with the same **specialist** more than three months after a **member's** discharge if **we** agree there is a clinical need. **We** maintain the right to request a report from the **GP** or **specialist** to get full details before **we** confirm cover.

Hospital lists

If a **member** has a hospital list, **we** cover **specialists' fees** up to the limits in **our** fee schedule. If the fee is higher than the limit in **our** fee schedule, it is the **member's** responsibility to pay the **specialist** the difference.

Members can view the fee schedule online at aviva.co.uk/health/online-fee-schedule or call the customer service helpline on 0800 158 3344. Calls to and from Aviva may be recorded and/or monitored

Stem cell transplants

We will pay for:

- the collection of
- storage of, and
- implantation of

stem cells and bone marrow if a **member** has **treatment** at a **hospital** covered under their hospital option.

If the stem cells or bone marrow comes from another person, **we** will pay for their collection. **We** do not pay for search costs, including compatibility testing, to find a donor for a transplant. **We** do not pay for courier charges.

We will pay for drugs for the **member** to take home at the time they are discharged from **hospital** following a stem cell or bone marrow transplant.

BUT: After they have been discharged from **hospital** following a stem cell or bone marrow transplant, they may need to take certain drugs (for example immunosuppressants, antibiotics, steroids) for a long period of time in order to prevent complications.

We will not pay for these drugs.

Wig

We will pay up to £100 towards the cost of a wig if a **member** needs one due to hair loss caused by **cancer treatment**.

Exclusions

1a. Pre-existing and related conditions

We do not cover **treatment** of any **pre-existing condition**, or any **related** or associated condition unless the **member** advised **us** of that condition in writing when they applied to be included on the **policy** and either **we** did not apply an exclusion for it, or it is not excluded under the **policy** within this exclusions section. If the **policy** has been underwritten on a Medical History Disregarded basis then this exclusion does not apply.

2. AIDS and HIV

We do not cover **treatment** of AIDS (acquired immune deficiency syndrome), HIV (human immunodeficiency virus) or any condition arising from or **related** to AIDS or HIV.

3. Addictions and substance misuse

We do not cover **treatment** for addictions (such as alcohol addiction or drug addiction) or substance misuse (such as alcohol misuse or solvent misuse), or **treatment** of any illness or injury needed directly or indirectly as a result of any such misuse or addiction.

4. Appliances and prostheses

We do not cover:

- surgical or medical appliances such as wheelchairs, hearing aids, false limbs, crutches and dentures and orthotics (supports), or
- neurostimulators or any **treatment** needed in connection with them.

BUT: **We** do cover

- prostheses inserted into the body during a surgical procedure
- external prostheses following surgery for **cancer** (see benefits for cancer treatment section)
- hand, back and knee braces required immediately after a related surgical procedure, and
- heart pacemakers and implantable cardioverter defibrillators.

5. Birth control

We do not cover **treatment** directly or indirectly related to birth control.

6. Chronic conditions – please refer to the accepted quotation/renewal terms to see which options have been chosen. This will determine which exclusion applies

We do not cover **treatment** of a **chronic condition**, including:

- regular planned check ups for a **chronic condition** where a **member** is likely to need **treatment**
- expected deterioration of a **chronic condition** which needs regular consultations, **diagnostic tests** or **treatment** from a **specialist**.

BUT:

- **We** do cover unexpected acute flare-ups of a **chronic condition** until the **member's** condition is re-stabilised (this does not apply to chronic mental health conditions – please see the mental health benefit term for further information).
- **We** do not apply this **chronic condition** exclusion to **treatment** for **cancer**. **We** will apply this exclusion to consequences of, or conditions **related** to **cancer treatment**.

OR

If the **policy** has the Routine and GP referred services benefit the exclusion that applies to the **member** is:

We do not cover **treatment** of a **chronic condition**.

Including:

expected deterioration of a **chronic condition** which needs regular consultations, **diagnostic tests** or **treatment** from a **specialist**, **other** than the benefit available under the Routine and GP referred services benefit.

BUT:

- **We** do cover unexpected acute flare-ups of a **chronic condition** until the **member's** condition is re-stabilised (this does not apply to chronic mental health conditions - please see the mental health benefit term for further information).
- **We** do not apply this **chronic condition** exclusion to **treatment** for **cancer**. **We** will apply this exclusion to consequences of, or conditions **related** to **cancer treatment**.

7. Cosmetic treatment

We do not cover procedures, or any consequence of a procedure, that is intended to change a **member's** appearance (for example a tummy tuck, facelift, tattoo, body piercing), whether or not this is carried out for psychological or medical reasons.

We do not cover procedures, or any consequence of a procedure, to remove undiseased tissue.

BUT: **We** will cover a surgical procedure to restore a **member's** appearance if:

- the surgical procedure immediately follows an accident, or **treatment** for **cancer**, and
- the accident or **cancer treatment** took place when the **member** was covered under the **policy** and they have had no break in cover since then.

If the **member** has an implant or implants following **treatment** for **cancer** **we** will pay for the removal and replacement of the implant or implants at the end of their lifespan providing the **member** was covered under the **policy** when the **cancer treatment** took place and the **member** has had no break in cover since then.

We advise the **member** to contact **us** before **treatment** begins so that **we** can confirm if they are covered.

8. Dental treatment – please refer to the accepted quotation/renewal terms to see which options have been chosen. This will determine which exclusion applies

We do not cover:

- **treatment** carried out by a dentist or dental surgeon
- **treatment** of gum disease or **treatment** carried out to help a **member** wear dentures
- removable bridges, or **treatment** carried out to insert or help a **member** wear removable bridges
- dental implants, or **treatment** carried out to insert or help a **member** wear dental implants
- orthognathic (bite correction) surgery, or
- orthodontic **treatment** and any associated extractions.

OR

If the **policy** has the dental and optical benefit the exclusion that applies to the **member** is:

We do not cover:

- dental **treatment** performed for cosmetic reasons such as teeth whitening
- removable bridges, or **treatment** carried out to insert or help a **member** wear removable bridges
- **treatment** carried out to facilitate the wearing of dentures
- dental implants, or **treatment** carried out to insert or help the **member** wear dental implants
- orthognathic (bite correction) surgery, or
- orthodontic **treatment** and any associated extractions.

9. Dialysis

We do not cover kidney dialysis as part of long-term **treatment** of a **chronic condition**.

BUT: **We** cover short-term kidney dialysis:

- if a **member** is admitted to **hospital** for eligible **treatment** as an **in-patient** for another condition and needs regular kidney dialysis during this admission
- if required as a result of secondary kidney failure during eligible **treatment** as an **in-patient**, or
- immediately before or after a surgical procedure to transplant a kidney as part of **treatment** as an **in-patient**.

10. Drugs and dressings

We do not cover drugs or dressings for a **member** to take home from **hospital**.

BUT: **We** do cover drugs and dressings that are needed during, and immediately related to, chemotherapy or radiotherapy.

11. Experimental treatment

We do not cover experimental **treatment**, unless it meets the criteria set out below.

We only pay for **treatment** that is:

- approved by European Medicines Agency (EMA) and Medicines & Healthcare products Regulatory Agency (MHRA) and is used within the terms of its licence,
- or
- part of a nationally approved clinical guideline (The National Institute for Health and Care Excellence or Scottish Intercollegiate Guidelines Network),
- or
- supported by best quality evidence (prospective randomised controlled trials that have been published in peer reviewed journals, independent of conflicts of interest and applicable to the **member's** clinical condition), and offered by a **specialist** with documented evidence of positive clinical and patient reported outcomes within a **hospital** that is equipped with staff, equipment and processes to provide it.

If the **member's treatment** meets these requirements, **we** will not exclude **treatment** on the basis that it is experimental. Before **we** can decide if the **member's** proposed **treatment** is eligible, **we** must receive all the clinical details **we** need from their **specialist**, including a completed 'Treatment Request Form'. **We** must confirm the **member's** cover in writing before any **treatment** begins.

BUT:

Even if **we** consider the **member's treatment** to be experimental because it does not satisfy the requirements listed above, **we** will still pay for the lowest cost of either:

- the experimental **treatment** or
- the equivalent established **treatment** usually provided for the **member's** condition, if this is available.

Please note: No payment will be made if there is no established **treatment** available for the **member's** condition (for which the experimental **treatment** is being proposed). If the **member** undergoes experimental **treatment** that is not successful, **we** will not pay towards further **treatment** of the **member's** condition or for any other condition that the **member** develops as a result of undergoing experimental **treatment**.

12. Eyesight – please refer to the accepted quotation/renewal terms to see which options have been chosen. This will determine which exclusion applies

We do not cover **treatment** for short-sight or long-sight, such as glasses, contact lenses or laser eyesight correction surgery.

OR

If the policy has the dental and optical benefit the exclusion that applies to the **member** is:

We do not cover **treatment** for short-sight or long-sight, such as laser eyesight correction surgery.

13. GP charges and treatment – please refer to the accepted quotation/renewal terms to see which options have been chosen. This will determine which exclusion applies

We do not cover:

- **treatment** provided by a **GP**
- **treatment** or **diagnostic tests** requested by a **GP**, such as X-rays, blood tests and scans unless covered by the BacktoBetter benefit term, or
- **GP** charges or fees, including those for completing a claim form if the claim is not covered by the **policy**.

OR

If the **policy** has the Routine and GP referred services benefit the exclusion that applies to the **member** is:

We do not cover:

- **treatment** provided by a **GP**, other than minor surgery from **our** published list
- **treatment** requested by a **GP**, other than **treatment** by a **physiotherapist, osteopath, chiropractor, acupuncturist, chiroprapist, podiatrist or homeopath** – for conditions other than pain in the back, neck, muscles or joints – musculoskeletal conditions
- **GP** charges or fees, including those for completing a claim form if the claim is not covered by the **policy**
- **diagnostic tests** requested by a **GP** other than:
 - radiology or pathology for conditions other than pain in the back, neck, muscles or joints, or
 - radiology or pathology covered by the BacktoBetter benefit term.

14. Hearing loss

We do not cover hearing aids or devices, cochlear implants or any **treatment** related to their implantation or continued care.

BUT: We will cover **diagnostic tests** to investigate the cause of a **member's** deafness.

15. Hospital charges – please refer to the accepted quotation/renewal terms to see which options have been chosen. This will determine which exclusion applies

We do not cover hospital charges if a **member** receives **treatment** at a hospital that has not been confirmed by **us**.

OR

If the **policy** has a hospital list option, the exclusion that applies to the **member** is:

We do not cover charges from a hospital, facility or any other treatment centre if **we** do not recognise that provider.

16. Infertility treatment – please refer to the accepted quotation/renewal terms to see which options have been chosen. This will determine which exclusion applies

We do not cover infertility **treatment**.

BUT: We will cover investigations into the causes of infertility.

OR

If the **policy** has the selected benefit reduction option, removing the investigations into infertility benefit, the exclusion that applies to the **member** is:

We do not cover investigations into the causes of infertility or infertility **treatment**.

17. Lipodema

We do not cover **treatment** of lipodema (the abnormal build-up of fat cells usually in the legs, thighs, buttocks or arms).

18. Mental health treatment – please refer to the accepted quotation/renewal terms to see which options have been chosen. This will determine which exclusion applies

We do not cover mental health **treatment** that has not been authorised by **us**.

We do not cover **treatment** of psycho-geriatric conditions of any kind.

BUT: **we** do cover **out-patient** mental health **treatment** authorised by **us** from the mental health benefit in section B.

If option 1 (Mental health treatment) has been chosen, **we** also cover the **in-patient** and **day-patient** mental health **treatment** detailed in that option only.

Mental health **treatment** is only available from the mental health benefits, it is not available under any other benefit.

OR

If the **policy** has benefit 8a (reduced out-patient cover – £0 limit) the exclusion that applies to the **member** is:

We do not cover **treatment** of psycho-geriatric or mental health illnesses or conditions of any kind, such as stress.

19. Musculoskeletal

We do not cover **treatment** for back, neck, muscle or joint pain (musculoskeletal conditions) that has not been pre-authorised by **us**.

20. Non-medical admissions

We only cover **hospital** charges if a **member** has been admitted to **hospital** for medical reasons.

We do not cover **hospital** charges if a **member** has been admitted to **hospital** for any other reason, including help with mobility, personal care or preparation of meals.

21. Overseas treatment

We do not pay for **treatment** outside the **UK**.

22. Pregnancy and childbirth – please refer to the accepted quotation/renewal terms to see which options have been chosen. This will determine which exclusion applies

We do not cover pregnancy and childbirth or **treatment** required as a result of pregnancy or childbirth. **We** do not cover termination of pregnancy.

BUT: **We** do cover the specific complications listed under the pregnancy complications benefit term.

OR

If the **policy** has selected benefit reduction removing **treatment** for complications of pregnancy and childbirth the exclusion that applies to the **member** is:

We do not cover pregnancy or childbirth or any **treatment** related to pregnancy or childbirth in any circumstances. **We** do not cover termination of pregnancy.

23. Rehabilitation, convalescence and nursing home care

We do not cover rehabilitation, convalescence or nursing home care.

BUT: **We** do not apply the exclusion for rehabilitation to **treatment** for **cancer**. **We** will apply this exclusion to consequences of, or conditions **related** to **cancer treatment**.

24. Routine medical examinations, screening and preventative treatment – please refer to the accepted quotation/renewal terms to see which options have been chosen. This will determine which exclusion applies

We do not cover:

- routine medical examinations (such as sight tests), medical screening, health check-ups or vaccinations
- **treatment** to prevent a disease or illness, or
- any **treatment** to discover the presence of a potential disease or illness if symptoms are not present, such as genetic tests.

BUT: **We** do cover:

- routine monitoring for **cancer** after a **member** has finished **treatment** for **cancer**
- genetic tests and molecular profiling to determine the type of **treatment** required for **cancer**.

OR

If the **policy** has the dental and optical benefit the exclusion that applies to the **member** is:

We do not cover:

- routine medical examinations (other than routine dental **treatment**), medical screening, health check-ups or vaccinations
- **treatment** to prevent a disease or illness, or
- any **treatment** to discover the presence of a potential disease or illness if symptoms are not present, such as genetic tests.
- BUT: **We** do cover:
 - routine monitoring for **cancer** after a **member** has finished **treatment** for **cancer**
 - genetic tests and molecular profiling to determine the type of **treatment** required for **cancer**.

25. Self-inflicted injury

We do not cover **treatment** directly or indirectly required as a result of self-inflicted injury.

26. Sexual dysfunction

We do not cover **treatment** of sexual dysfunction such as impotence.

BUT: **We** do cover investigations, including **diagnostic tests**, to find the cause of sexual dysfunction.

27. Sleep disorders and sleep problems

We do not cover **treatment** directly or indirectly related to sleep disorders and sleep problems, such as snoring, insomnia or sleep apnoea (when breathing stops temporarily during sleep).

28. Specialist and practitioner fees – please refer to the accepted quotation/ renewal terms to see which options have been chosen. This will determine which exclusion applies

We do not cover specialists' fees if a **member** receives **treatment** by a specialist that has not been confirmed by **us**. **We** do not cover practitioners' fees (such as **physiotherapists, acupuncturists, chiropodists**) if a member sees a practitioner that **we** do not recognise.

OR

If the **policy** has a hospital list option, the exclusion that applies to the **member** is:

We do not cover fees from a practitioner, **specialist** or other healthcare professional if **we** do not recognise that provider.

29. Sports related treatment

We do not cover **treatment** of an injury sustained whilst a **member** is training for or taking part in sport for which they are:

- paid
- personally funded by sponsorship or grant (including equipment and any kit).

This exclusion does not apply if the **member** is coaching the sport or receiving travel costs only.

30. Treatment that is not eligible

We do not pay for **treatment** that is not covered by the **policy** or the consequences of any such **treatment**. For example, **we** do not cover **treatment** of an infection or corrective surgery needed as a result of ineligible cosmetic surgery.

31. Undiseased tissue

We do not cover **treatment**, or any consequence of **treatment**, to remove undiseased tissue.

BUT:

We do cover surgery to prevent further **cancer** if a **member** has already had **treatment** for **cancer** that **we** have paid for – for example, **we** will pay for a mastectomy to a healthy breast in the event that they have been diagnosed with **cancer** in the other breast.

32. Varicose veins

We do not cover **treatment** of varicose veins of the leg.

BUT: **we** will cover **treatment** when:

The varicose veins are greater than 3mm in diameter and any of the following also applies:

- there is established lipodermatosclerosis or progressive skin changes
- there have been recurrent episodes of superficial thrombophlebitis, or
- there is active or healed venous ulceration.

We will need to contact a **member's GP** or **specialist** for details of their condition before **we** can confirm their claim.

33. War and hazardous substances

We do not cover **treatment** required as a direct or indirect result of:

- war (declared or not), military, paramilitary or terrorist activity (such as the effects of radiological, biological or chemical agents), or
- use, misuse, escape or the explosion of any gas or hazardous substance (such as explosives, radiological, biological or chemical agents).

34. Warts/verruccas/skin tags

We do not cover **treatment** of warts, verrucas or skin tags.

35. Weight loss surgery

We do not cover **treatment** that is directly or indirectly related to:

- bariatric surgery (weight loss surgery), such as gastric banding or a gastric bypass, or
- the removal of surplus tissue or fat tissue.

Underwriting

Your **policy** is subject to one, or more, of five different types of underwriting. The group administrator will be able to advise which type of underwriting applies to each **member**.

Full Medical Underwriting (FMU)

We do not cover **treatment** of any **pre-existing condition**, or any **related** or associated condition unless the **member** advised **us** of that condition in writing when they joined the **policy** and either **we** did not apply an exclusion for it, or it is not excluded under the **policy**.

A **member** is able to view any medical exclusions **we** have applied online at aviva.co.uk/myaviva or on request by calling 0800 158 3348.

We may review the **member's** personal medical exclusion(s) at the **renewal date**, if the **member** asks **us** to. If **we** have recently applied an exclusion when the **member** joined the **policy** or reviewed a medical exclusion at the **renewal date**, **we** will let the **member** know when the medical exclusion may be reviewed again, if they ask **us**.

We will not alter or remove a medical exclusion if the excluded medical condition (or any **related** conditions) in our view is likely to need **treatment** in the future. There are some medical exclusions that **we** will not review, for example, if it is a **chronic condition**.

Moratorium (this is sometimes known as mori)

We do not cover **treatment** of any **pre-existing condition**, or any **related** condition, if the **member** had:

- symptoms of
- medication for
- **diagnostic tests** for
- **treatment** for, or
- **advice** about

that condition in the five years before they joined the **policy**.

However, **we** will cover that condition if the **member** does not have:

- medication for
- **diagnostic tests** for
- **treatment** for, or
- **advice** about

that condition during a continuous two year period after they join the **policy**.

With mori underwriting the claims process may take a bit longer, as each time a **member** makes a claim we'll look at their medical history, and may ask for information from their **GP**, to understand if their symptom or condition is new or pre-existing.

Continued Medical Exclusions (CME)

We apply the same personal medical exclusions for **pre-existing conditions** that were applied by **your** previous insurer, if any. **Members** can view their medical exclusions online at aviva.co.uk/myaviva or on request by calling 0800 158 3348.

The terms and conditions of this **policy** (including excesses payable, benefit limits and exclusions) may be different to those of **your** previous policy.

Continued Moratorium

We do not cover **treatment** of any **pre-existing condition**, or any **related** conditions, if the **member** had:

- symptoms of
- medication for
- **diagnostic tests** for
- **treatment** for, or
- **advice** about

that condition in the five years before their initial date of cover. The initial date of cover is the date they started cover with **your** first insurer (provided there has been no break in cover since then).

However, **we** will cover that condition if the **member** does not have:

- medication for
- **diagnostic tests** for
- **treatment** for, or
- **advice** about

that condition during a continuous two year period after their initial date of cover.

The terms and conditions of this **policy** (including excesses payable, benefit limits and exclusions) may be different to those of **your** previous policy.

Medical History Disregarded (MHD)

We do not apply any personal medical exclusions to **members** as a result of **pre-existing conditions**.

The terms and conditions of this **policy** (including excesses payable, benefit limits and exclusions) may be different to those of **your** previous policy.

Policy conditions

1. Who can be a member?

Our Solutions policies are intended to provide cover for **employees**, directors and other designated **members** of an actively trading business, based in the **UK**. All those named on the member listing will be covered on the **policy**.

- The **group member**
- the **group member's** spouse, partner or civil partner and
- their children

can all be **members**, if the **policyholder** has chosen to include cover for them.

Only one spouse, partner or civil partner can be included on the **policy** for each **group member**.

Children who are **members** can stay on the **policy** until the next **renewal date** following their 24th birthday, at which time they will be removed from the **policy**.

Each **member** must have a legal right to remain in the **UK** and have the intention to remain resident in the **UK** for the duration of the **policy year**. They must notify **us** as soon as possible if at any time either of these things change. If either of these things do change, **we** may cancel cover for that **member** effective from the date their circumstances changed.

We reserve the right to decline to provide cover for businesses that **we** believe do not meet **our** Corporate Responsibility requirements or which **we** believe may cause **us** to contradict **our** Corporate Responsibility policies. Information relating to **our** Corporate Responsibility position can be found at [Aviva.com/responsible-sustainable-business](https://www.aviva.com/responsible-sustainable-business)

You must tell **us** if a **member** joins or leaves the **policy**.

Adding members

If **you** want to add a new **member** to the **policy** **you** will need to contact **us** up to 30 days before the

date **you** want cover to start. **We** will not backdate the start date of any new **members** prior to the date that **we** received the request. If **we** need the **member** or **you** to complete an application form **we** will let **you** know.

Newborn babies

If the children of **group members** are covered by the **policy**, and a **group member** has a baby while they are covered by the **policy**, they can add their baby to the **policy** from the baby's birth date, if the **policyholder** applies to **us** within three months of the baby's birth date. This means that at the point of claim their medical history will be disregarded, and no personal medical exclusions will apply. If the **policyholder** applies more than three months after the baby's birth, the baby will be subject to the underwriting that applies to the **policy**.

Removing members

We will remove a **member** from the policy when **you** tell **us** to. This means that:

- if a **member** is due to leave the **policy** from a date in the future we will remove them from that date
- if a **member** left the **policy** at a date in the past, **we** will remove the **member** from the date **you** contact **us** to advise, unless **we** agree otherwise.

If a **group member** is removed from the **policy**, their spouse, partner or civil partner and any children will also be removed from the **policy**.

We will adjust the premium at the **renewal date** to take into account membership changes.

2. Premiums and policy duration

The invoice and financial statement shows **you** how much must be paid, when and by which payment method. **We** will advise **you** if the premium rate changes.

The premium will be payable in full by **you** without any deduction or set-off in respect of any amounts owed (or which are alleged to be owed) by Aviva to **you**.

We will collect premiums in advance of the date they are due. **We** will collect any premiums due unless **you** tell **us** to cancel the **policy** in time for **us** to stop collecting the payment.

If any amounts paid under this **policy** need to be refunded to **you** (for whatever reason) they will be paid into the account from which **we** received the original funds.

We can set off any amount that **we** owe to **you** against any amount due to **us** from **you**, and will give **you** written notice if **we** do this.

We will not pay any claims if premiums are not paid to date at the time a **member's treatment** takes place. It is **your** responsibility to advise **members** if the premiums are not paid when due as this may effect any claims that are underway.

All premiums should be paid for from the **policyholder's UK** business bank account and the **policyholder** should not attempt to recover premiums from individuals by any means (including cash or services provided). **You** agree to provide **us** with any documentation **we** may require to verify **your** account status, such as a copy of **your** business bank statement.

On or before the first day of the **policy year** **you** need to provide us with an **opening membership** figure including the names of all **members** to be covered by the **policy**. **You** must also tell **us** within 30 days, of any **member** joining or leaving the **policy**.

The premium rates are calculated based on the membership information provided to **us** for quotation purposes prior to the start date or, if later, the appropriate **renewal date**.

The premium payable will be calculated based on the membership multiplied by the premium rates for the different categories of risk, as set out on the financial statement.

At each **renewal date** the premium for the **policy year** will be recalculated retrospectively by **us** on the simple average of the **opening membership** and the membership at the day before the **renewal date**. **You** will be liable to pay any additional premium or will be entitled to a refund of premium accordingly.

If during a **policy year** a **major fluctuation** occurs the method by which **we** will determine the membership figures for the purposes of recalculating the premium will be as follows: First **we** will take the simple average of the **opening membership** as at the start date and the membership immediately before the **major fluctuation** occurs. This amount will be multiplied by the number of days from the start date up to and including the day before the day the **major fluctuation** occurs, and then divided by the number of days in the **policy year**.

The amount calculated according to the previous paragraph is then added to the weighted projected membership for the remainder of the **policy year**, which is calculated by taking the membership immediately after the **major fluctuation** occurs, multiplying this figure by the number of days remaining in the **policy year** as at (and including) the day the **major fluctuation** occurs, and then dividing by the number of days in the **policy year**.

If a further **major fluctuation** occurs during the **policy year** **we** will determine the membership figures for the purposes of recalculating the premium as above but by taking the simple average of the membership numbers at the beginning and end of each discreet period ending the day before a **major fluctuation** and weighting according to the number of days in that period.

We reserve the right to invoice for any additional premium required as a result of any recalculation whether immediately or at the next **renewal date**, and **you** will be liable to pay any additional premium.

If one or more **major fluctuations** have occurred during the **policy year**, then at the next **renewal date**, the premium for the **policy year** ending at the **renewal date** will be recalculated by **us** by taking the simple average of the membership at the last **major fluctuation** and the membership at that **renewal date**, and proportioned according to the number of days from the last **major fluctuation** to the end of the **policy year**. This amount is then added to the premium calculated at the time of

the last **major fluctuation** weighted according to the number of days from the start date to the day immediately before the last **major fluctuation** occurred. **You** will be liable to pay any additional premium or will be entitled to a refund accordingly.

If **you** pay monthly, each monthly premium payment is for one month's cover. If **you** pay quarterly, each quarterly payment is for one quarter's cover, if **you** pay annually, each annual premium payment is for one year's cover. If **you** wish to change the frequency with which **you** pay the premium (for example from monthly to annually) **you** can do this at the **renewal date**. If there are no changes to **your** circumstances during the **policy year**, any change to **your** premium rates will only take effect from the **renewal date**. See section 4, changes to your circumstances.

If a **member** moves into a higher age band the increase to **your** premium will not take effect until the next **renewal date**.

3. Payments for ineligible treatment

If at any time, due to exceptional circumstances, **we** agree to pay for **treatment** that is not normally eligible on the **policy**, this does not mean that **we** will make another payment for **treatment** in the same or similar circumstances.

Any payments **we** do make towards the cost of ineligible **treatment** will still count towards any benefit limit listed in the **policy** terms and conditions and any excess (if applicable).

4. Changes to your circumstances

We reserve the right to alter the premiums or **policy** terms, cancel cover for a **member** of the **policy** or cancel the **policy** following a **change of risk**.

You or the relevant **member** must tell **us** as soon as possible about:

- changes to **your** company, for example a change of company name, trading status, business activity, company structure, company number
- any changes relating to **members**, for example a change of name, address.

- any other changes which affect information given in connection with the application for cover under this **policy**, for example liquidation, insolvency or bankruptcy procedures.

We will decide from when any changes will take effect.

We will always write to the **policyholder's** last known address or registered office with details of any changes to the cover.

You cannot give or transfer any of the **policy** benefits or **your** responsibilities under the **policy** to anyone else without receiving permission from **us**.

5. Renewing the policy

The **policy** lasts for one year. Renewal requires the agreement of **us** and the **policyholder**.

We will give **you** reasonable notice when **your policy** is due to renew in order to give **you** time to decide whether to renew the **policy** or cancel it.

Changes to your cover

We may change the terms and conditions of the **policy** at the **renewal date**. If there are changes to the **policy**, **we** will let **you** know before the next **renewal date**. If **you** decide to cancel the **policy** as a result of such changes, **you** must contact **us**.

Only Aviva can make changes to the terms and conditions of the **policy**.

If **you** wish to make any changes to **your policy** at renewal, for example adding or removing options, please contact **us** or speak to **your** financial adviser.

6. Cancellation

Important note

The Insurance Act 2015 sets out the duty on a policyholder to provide complete and accurate information to an insurer, and the potential consequences if the policyholder does not do so.

As part of this duty, the **policyholder** must provide complete and accurate answers to any questions **we** ask either in an application form, over the telephone or by any other means when the **policyholder** takes out, makes changes to or renews the **policy**.

When we may cancel the policy

If **you** have failed to provide complete and accurate information to **us** (see Important note above) then, depending on the nature of that failure:

- **we** may cancel the **policy** back to its start date and refuse to pay any claim,
- **we** may not pay any claim in full,
- **we** may revise the premium, or
- the extent of cover may be affected.

If **we** cancel the **policy** for this reason, **you** will be entitled to a refund of the premium paid in respect of the cancelled cover, less a proportionate deduction for the time **we** have provided cover, unless **we** are legally entitled to keep the premium under the Insurance Act 2015.

If a claim made by, or on behalf of, **you** or a **member** is in any way fraudulent or fraudulently exaggerated or supported by a false statement or fraudulent evidence, **we** may:

- refuse to pay the claim, and
- recover any sums paid by **us** in respect of the claim.
- In addition:
- where the claim is made by, or on behalf of, **you**, **we** may cancel the **policy** back to the date of the fraudulent act and keep all premiums. This will end the cover for **you** and all **members** listed on the **policy schedule**, or
- where the claim is made by, or on behalf of, a **member**, **we** may cancel that **member's** cover back to the date of the fraudulent act and keep premiums in respect of that **member's** cover. Alternatively, **we** may apply different terms (in line with reasonable underwriting practice) to that **member's** cover.

If **we** cancel the **policy** or any **member's** cover for these reasons **we** will notify **you** (and the relevant **member**) of the cancellation in writing by first class post or by hand to their last known address.

If any premium is not paid, the **policy** will automatically be cancelled. **We** will reinstate the cover if the premium is paid within 45 days of its due date, subject to claims experience and the approval of **our** underwriters.

We will not cancel the **policy** because of eligible claims made by any **member**.

We reserve the right to close the Solutions product at **your renewal date**. **We** will contact **you** to advise **you** if this happens.

7. Continuation terms

If a **group member** or **family member** no longer meet the eligibility requirements of the **policy** (e.g. if they leave the company) they may be entitled to transfer to an individual product nominated by **us** with no further personal medical exclusions.

If a **member** does take out one of **our** individual policies the benefits, terms, exclusions and pricing on the new policy may differ from those on this **policy**. If the **member** wants to have enhanced benefits they may have to complete a health declaration and may have any **pre-existing** conditions excluded.

These continuation terms will only apply if the **member** gets a quote on one of **our** individual products within 45 days of their cover ending on this **policy**, and accepts the quote within 30 days of receiving it. To have continued underwriting on the individual policy, the **member's** cover on the individual policy must start immediately after the **member** leaves this **policy** and the **member** must ensure that premiums for the individual policy are paid from this start date.

If the **member** does not ask for a quote for an individual policy within 45 days of their cover ending on this **policy** or accept the quote within 30 days of receiving it, they will not get continued underwriting and **pre-existing conditions** may be excluded.

8. Claims procedure

To be able to consider cover for a **member's treatment**, **we** need to receive all necessary medical information at least five working days prior to the proposed **treatment**. **We** can usually take the information over the phone but in some cases **we** may still require a claim form, if so **we** will tell the **member**.

Many **hospitals** operate direct billing arrangements with **us** and payment for eligible **in-patient** or **day patient treatment** will be settled directly with **us**. This isn't always the case for **out-patient treatment** and some **hospitals**. In those instances, the **member** will need to pay the bill themselves, and send **us** the receipt so that **we** can reimburse eligible costs. **We** may also settle eligible claims direct with the provider of other services or with any other person.

Documents that **we** need to support a **member's** claim may incur an expense, and the **member** will be responsible for these expenses.

Claims will only be paid for **treatment** received by a person who is a **member** at the time the **treatment** takes place.

If a **member's treatment** continues for a long period of time **we** may require updated information on a regular basis to check that the claim is still valid, this may include a claim form.

Full details of the claims procedure are given in the **member** guide.

9. Third party claims

The **member** must let **us** know if **treatment** was needed because someone else was at fault – for example, if they were injured as a result of a road traffic accident. **We** may be able to recover the cost of their **treatment** that **we** have paid for. **We** call this a 'third party claim'.

The **member** must notify **us** and keep **us** informed of any claim that they are making against the person at fault and take whatever steps **we** reasonably require.

If **we** have made any payment under the **policy** including a payment for their **treatment** then the **member** must not settle their personal injury claim

unless **we** have given **our** agreement to them or their lawyers.

If the **member** recovers any payments that **we** have made under the **policy** including any payment for their **treatment** and including any interest on any payments **we** have made, they must forward these sums to **us** immediately.

If **we** want to, **we** can bring proceedings in the **member's** name for **our** own benefit to recover any costs **we** have incurred or payments **we** have made.

We will not pay for any costs, outlays or payments, or claim against any third party for costs, outlays or payments that are not covered by the **policy**.

We will have full discretion in the conduct of any such proceedings and in the settlement of any claim.

We cannot offer a member legal advice.

10. Distribution of information

You are responsible for ensuring that **group members** receive their member guide along with any inserts when they join the **policy** and any other literature whilst they remain a **member** of the **policy**.

11. If a member has other insurance

If a **member** has any other insurance covering any of the benefits they are entitled to from this **policy**, they must make sure that they let **us** know and provide **us** with any information **we** may require, as **we** may recover our share of these costs from the other insurer.

12. Law

This contract is governed by and will be construed in accordance with English law and will be subject to the exclusive jurisdiction of the courts of England and Wales.

If **we** decide to waive any term or condition of this **policy**, **we** may still rely on that term or condition at a later time.

This **policy** does not give any rights to any person other than **you** and **us**. No other person will have any rights or be able to rely on any terms under the **policy**.

Notwithstanding any provisions of this **policy**, **we** will not be obliged to exercise or comply with any of **our** rights and/or obligations under this **policy** if to do so would cause (or may be reasonably likely to cause) **us** to breach any law or regulation in any jurisdiction.

13. Records, consents and confirmations

We will be entitled at all reasonable times and on reasonable notice to inspect **your** records relating to the **policy**.

At **our** request, **you** will provide (or facilitate the provision by third parties of) any evidence and confirmations as **we** reasonably require to verify that one or more individuals are eligible for cover as **members** and/or the definition of **policyholder** is satisfied.

This may include:

- management accounts
- NI and/or HMRC records and returns
- employee records
- employee contracts
- VAT records and returns.

Further information

If you have any cause for complaint

Our aim is to provide a first class standard of service to our customers, and to do everything we can to ensure you are satisfied. However, if you ever feel we have fallen short of this standard and you have cause to make a complaint, please let us know, including all relevant information. Our contact details are:

Aviva Health UK Ltd
Complaints Department
PO Box 540
Eastleigh

Telephone: 0300 123 9123 or 0800 023 4567
Email: complaint.info@financial-ombudsman.org.uk
Website: financial-ombudsmand.org.uk

If you have taken a product out online with Aviva and are unhappy with this product or the service you received, you can also use the European Commission's Online Dispute Resolution (<http://ec.europa.eu/odr>) service to make a complaint. The purpose of this platform is to identify a suitable

Alternative Dispute Resolution (ADR) provider and we expect that this will be the Financial Ombudsman Service.

Please note that the Financial Ombudsman Service will only consider your complaint after you have given us the opportunity to resolve the matter first. Making a complaint to the Ombudsman will not affect your legal rights.

Clinical complaints

Clinical complaints are not regulated by the Financial Conduct Authority (FCA) and are not subject to our complaint process set out above.

For clinical complaints relating to the conduct or competency of your specialist or the facilities at which they practise, these need to be directed to the specialist and hospital or clinic directly.

The responsibility for investigating and responding to clinical complaints is as follows:

- If your complaint is about a hospital/clinic or specialist, whether through a network or otherwise, it will be investigated in accordance with the complaints process in force at the relevant hospital/clinic, please contact the hospital directly.
- If your complaint relates to a third party clinical case manager, this will be investigated by the clinical provider who employs that case manager.
- If your complaint is about a network therapist (e.g. physiotherapist, counsellor, psychologist) this will be investigated by the independent clinical provider responsible for the therapist network.

Once you have contacted the provider who is responsible for investigating and responding to your clinical complaint, they should advise you of the full complaints process which will also include any escalation details should you require these.

While Aviva do not have a role in investigating and responding to clinical complaints, Aviva do record clinical complaint volumes and investigation outcomes. If you would like to inform us of a clinical complaint outcome please contact us using the details provided above.

Financial Services Compensation Scheme (FSCS)

We are covered by the FSCS. You may be entitled to compensation from the scheme if we cannot meet our obligations. This depends on the type of business and the circumstances of the claim. Where you are entitled to claim, insurance advising and arranging is covered for 90% of the claim, with no upper limit.

Further information about compensation scheme arrangements is available from:

- a **member** no longer having the lawful right to reside in the **UK** or the intention to do so for the duration of the **policy** year
- any other changes relating to **members**, for example a change of name or address, and
- any other changes which affect information given in connection with the application for cover under the **policy**.

Chemotherapy

Drugs that are used to treat **cancer**. These include drugs used to destroy cancer cells or prevent tumours from growing (these could be cytotoxic drugs, targeted or biological therapy drugs).

For the purposes of this **policy**, hormone therapy is not chemotherapy.

Chiropodist/podiatrist

A practitioner who is included in the register of the Health and Care Professions Council as a Chiropodist/Podiatrist, and who is recognised by **us**.

Chiropractor

A practitioner who is:

- included in the Register of Chiropractors kept by the General Chiropractic Council, and
- recognised by **us**.

Chronic condition

A disease, illness or injury that has one or more of the following characteristics:

- it needs ongoing or long-term monitoring through consultations, examinations, check-ups and/or tests
- it needs ongoing or long term control or relief of symptoms
- it requires a **member's** rehabilitation or for them to be specially trained to cope with it
- it continues indefinitely
- it has no known cure
- it comes back or is likely to come back.

Day-patient
